

CRYPTO TOWER 「Central」 Account opening manual

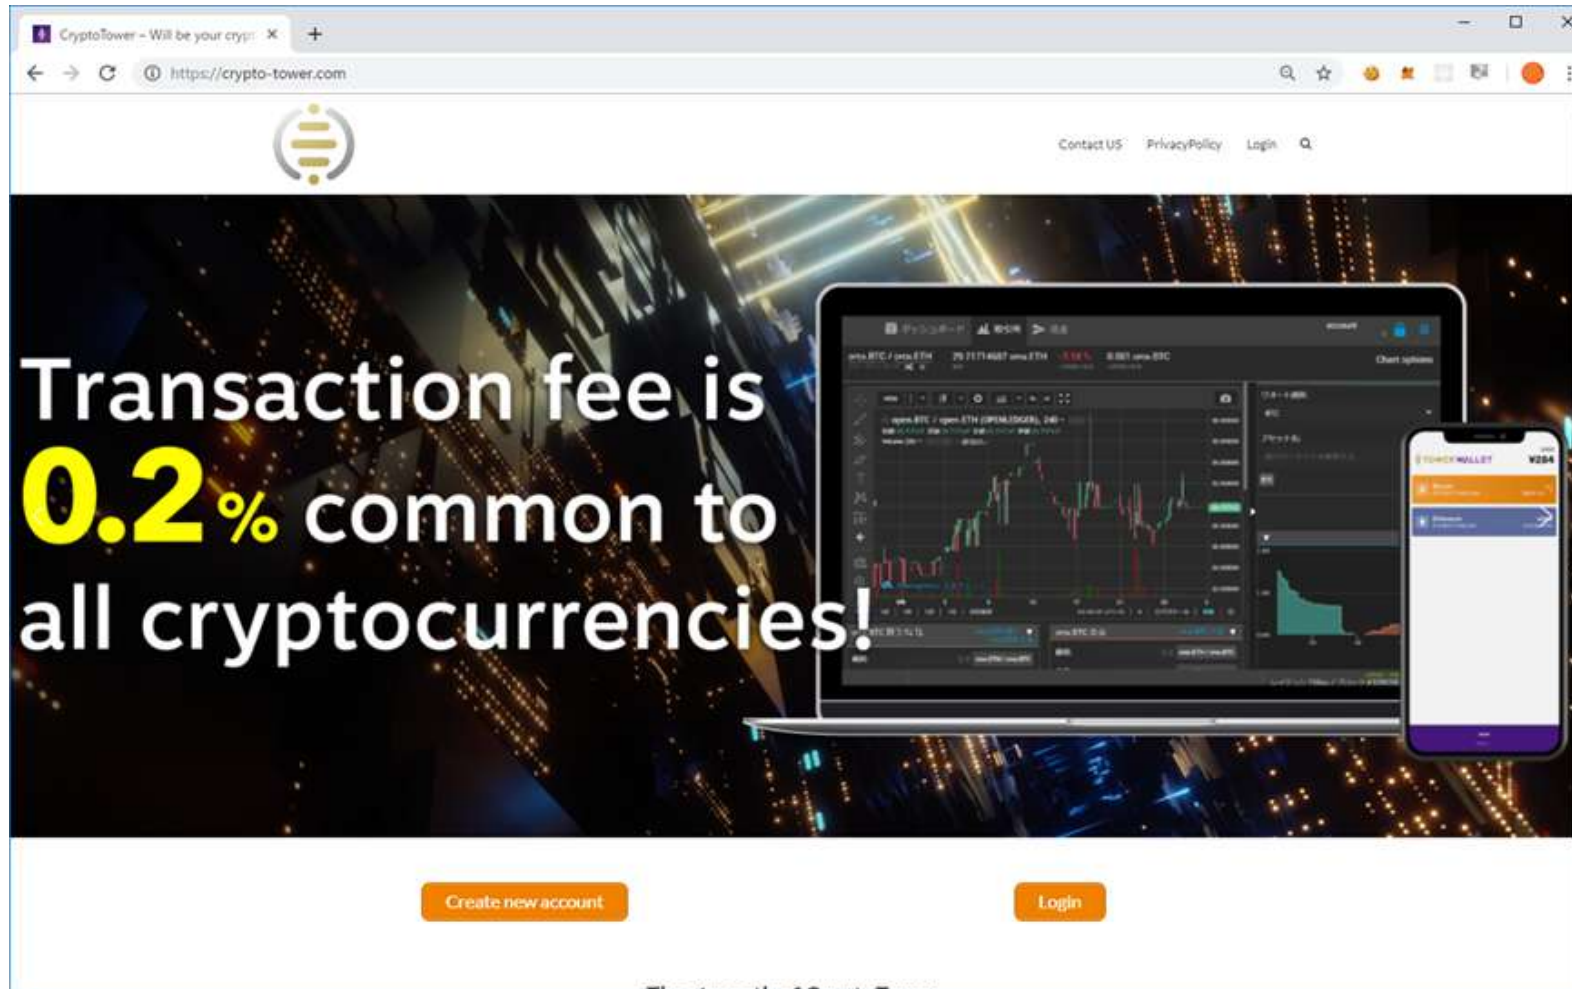

Advance preparation

- *Please check if you are using "Google Chrome" on your PC.
- *Check if your mobile phone or smartphone can receive short mail.

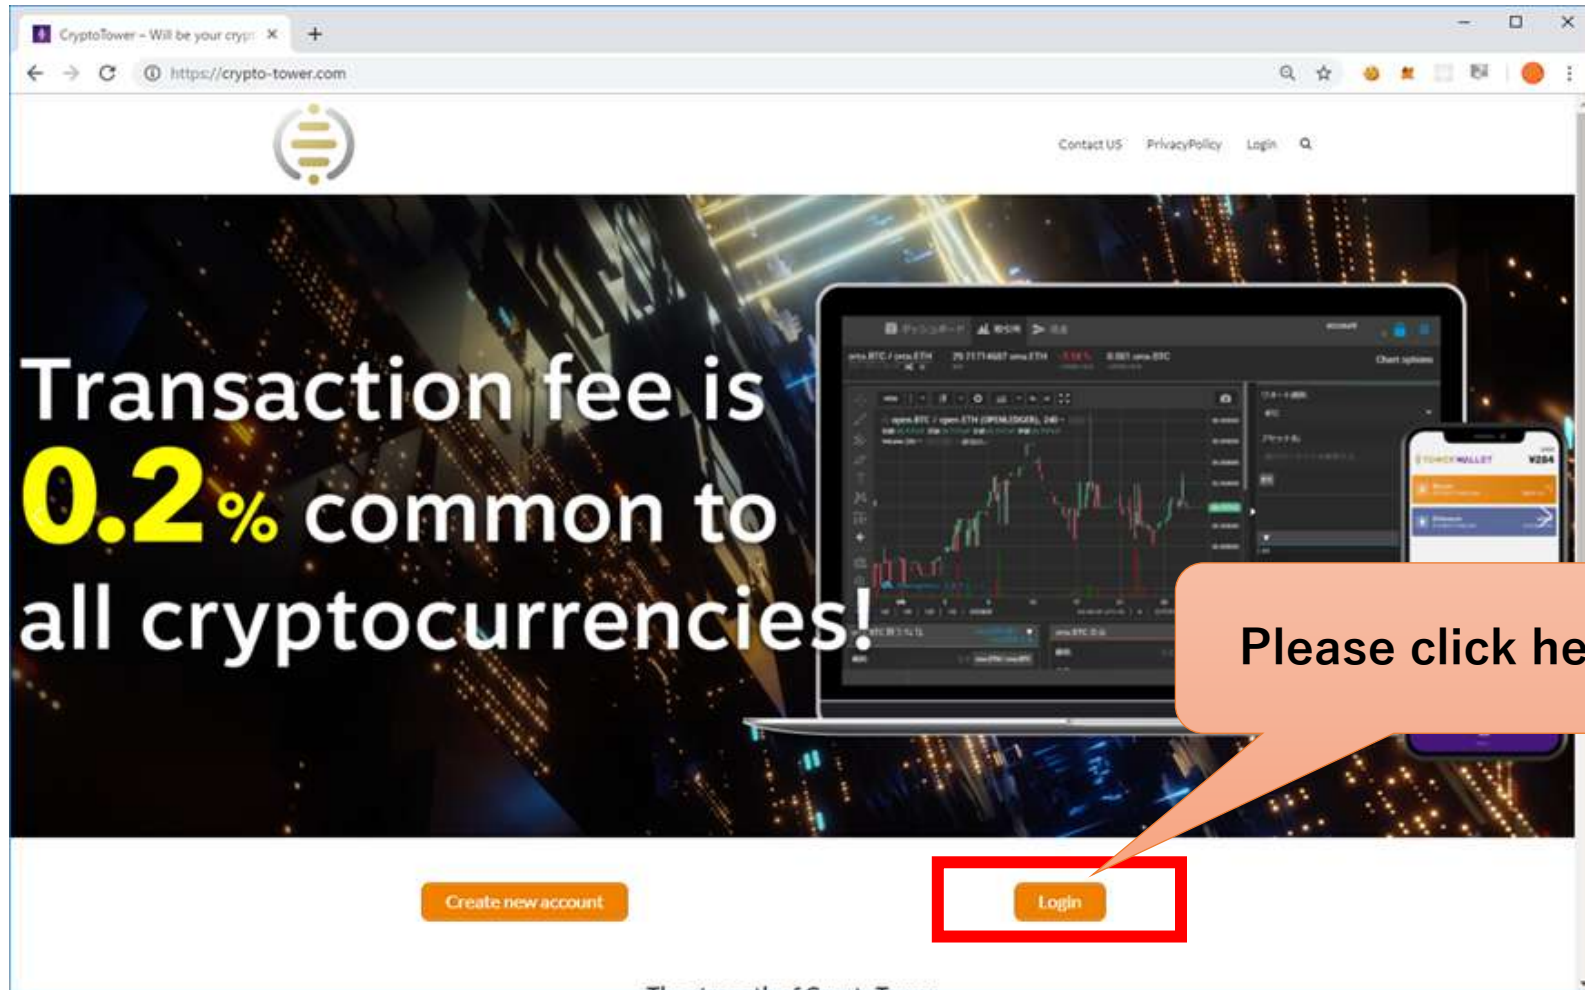

If you have not yet opened an account, please see here.

■ CRYPTO TOWER account opening manual (including DEX)
https://www.uni-c.io/CRYPTO_TOWER_Account.pdf

- Open the "crypto-tower" site with "Google Chrome" on your PC.
<https://crypto-tower.com/>

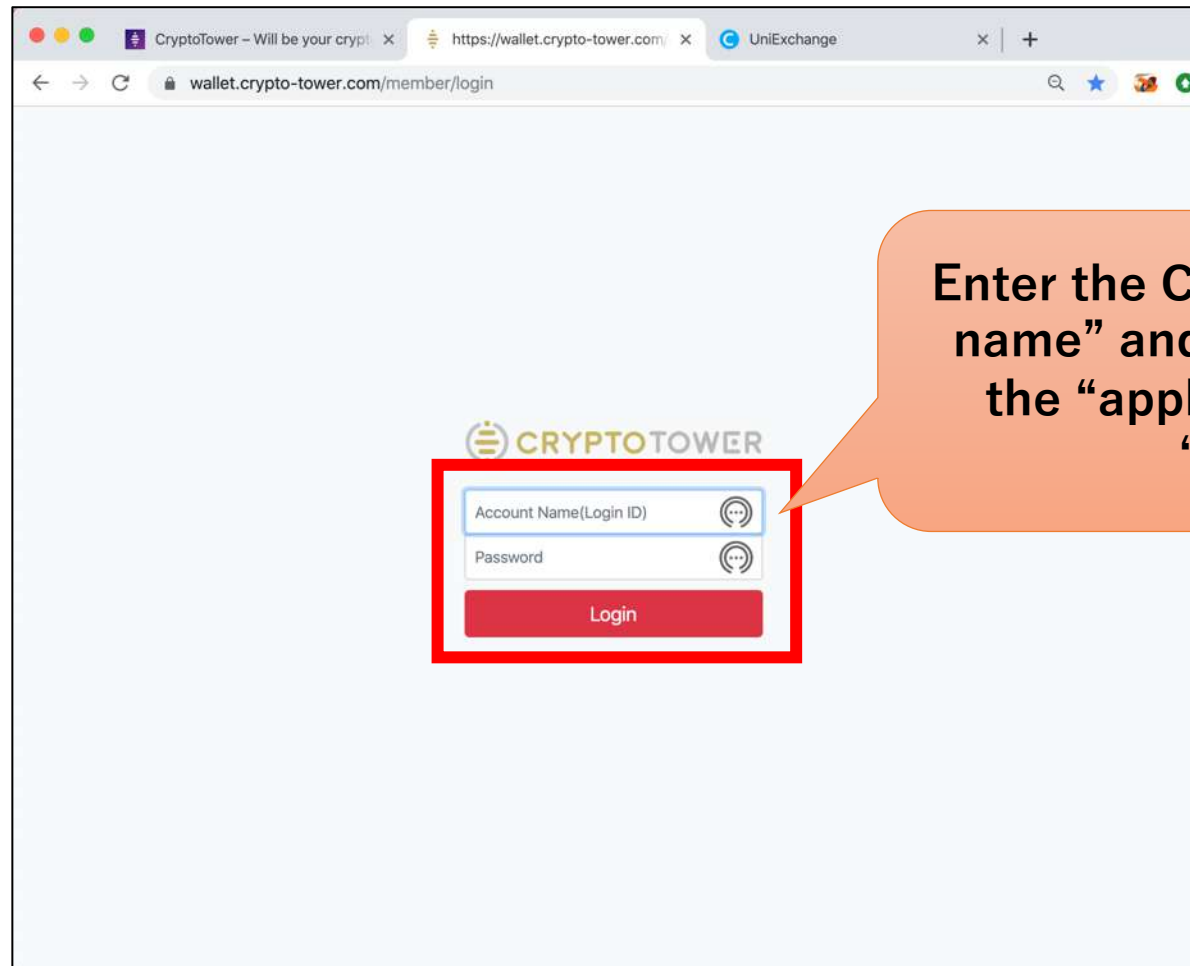

■ Click the “Login” button

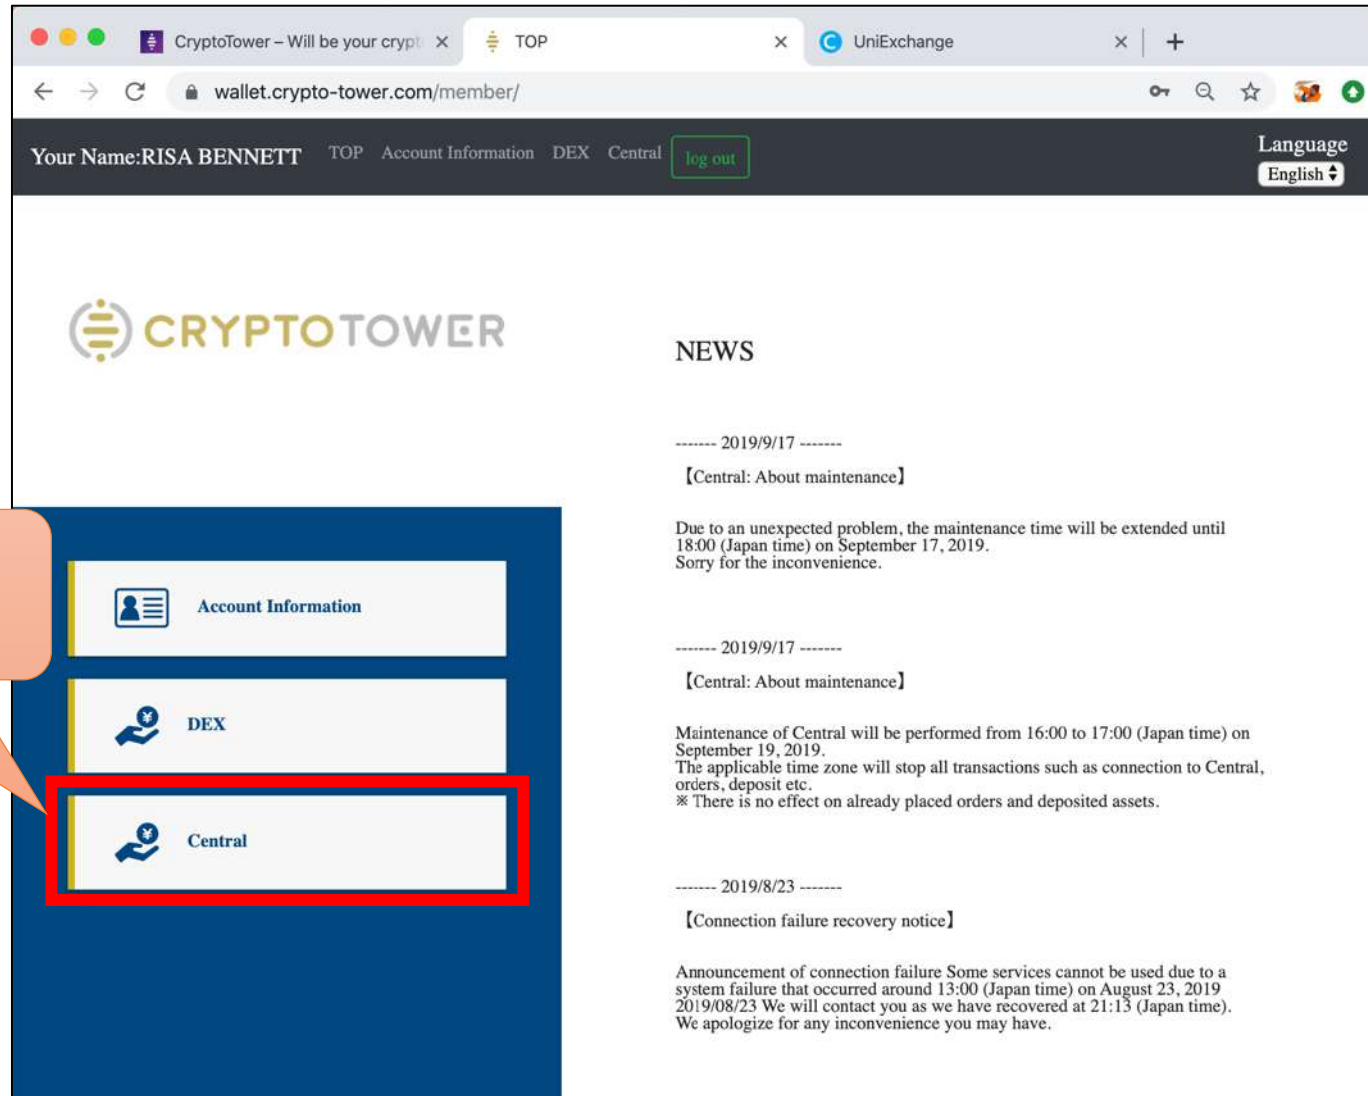

■ Login to “CRYPTO TOWER”

* If you have forgotten your “account name” or “password”, please contact us from “Contact US” on the top page.

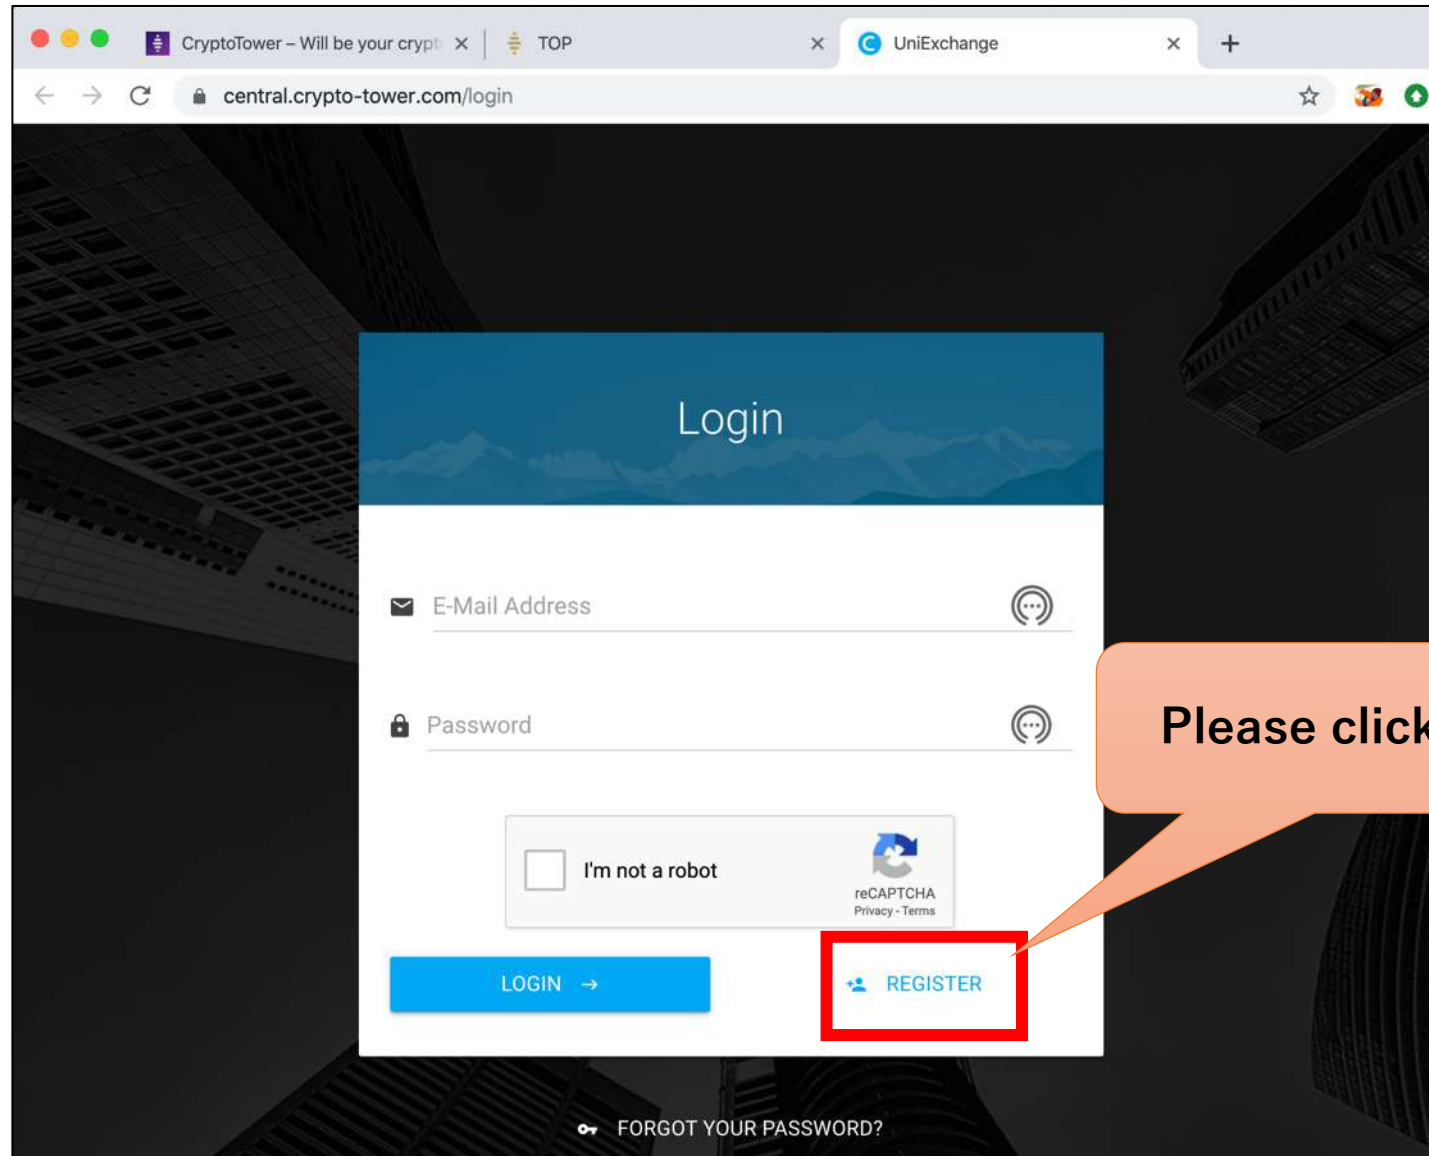

■ After logging into the "Members page", click [Central].

The screenshot shows a web browser window with the URL `wallet.crypto-tower.com/member/`. The page header includes the user name "Your Name:RISA BENNETT" and navigation links for "TOP", "Account Information", "DEX", and "Central". A "log out" button is also present. The main content area features the "CRYPTOTOWER" logo and a "NEWS" section with several announcements. On the left side, there is a blue navigation menu with three items: "Account Information", "DEX", and "Central". The "Central" item is highlighted with a red rectangular box. An orange callout bubble with the text "Please click here" points to this red box.

■ Click [REGISTER] in the red frame

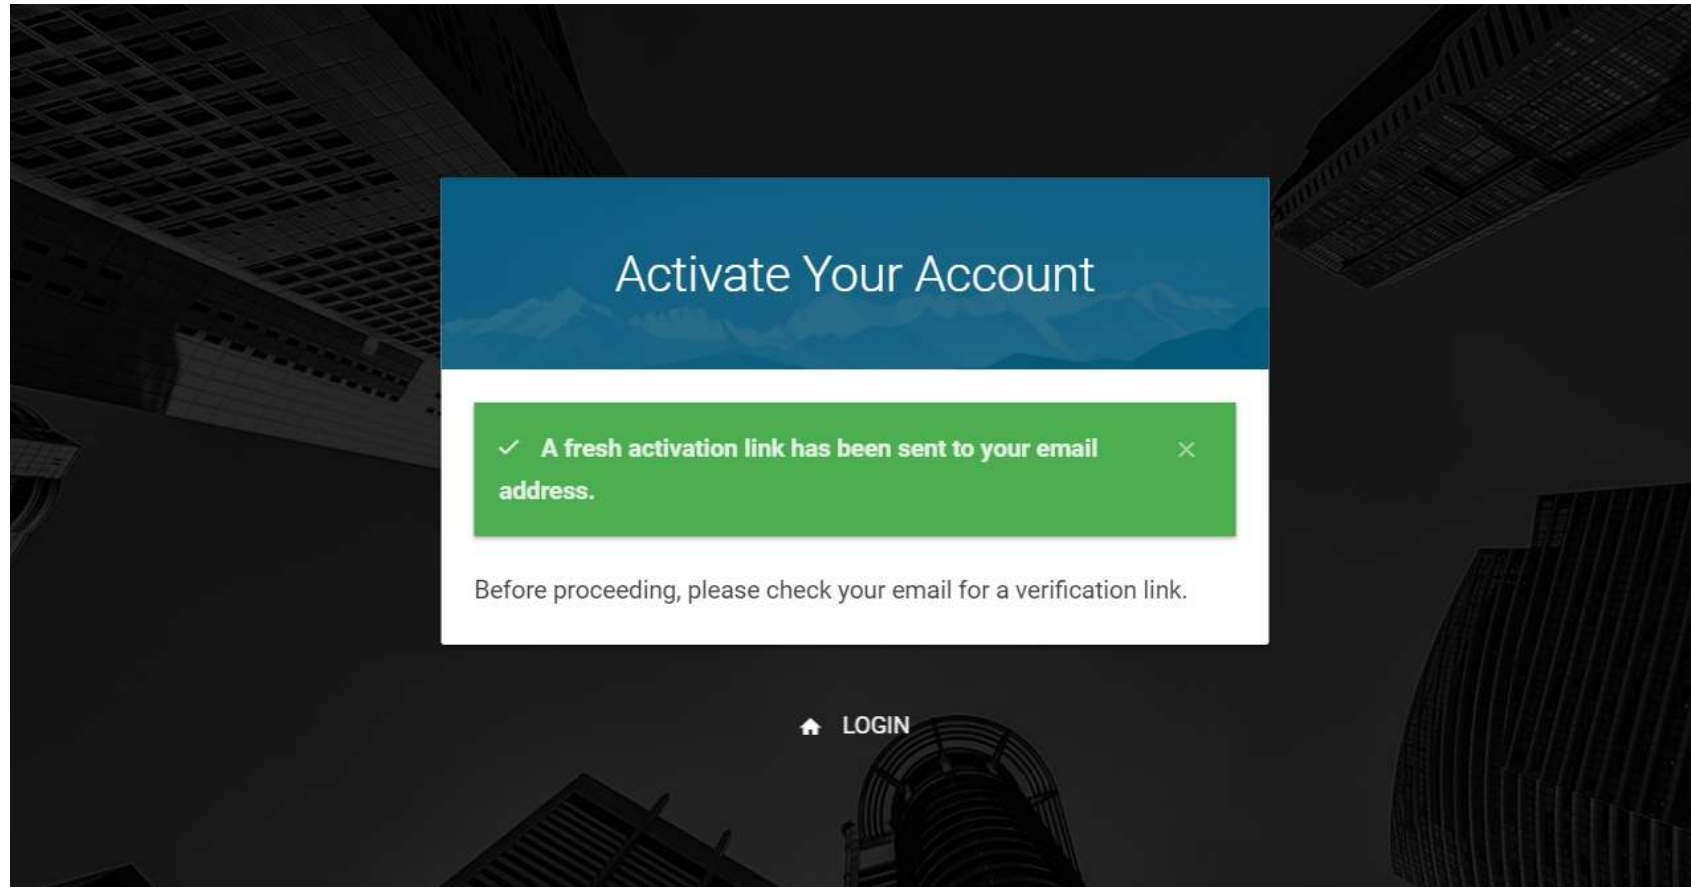

■ Enter each item as described below.

The image shows a web browser window with the URL `central.crypto-tower.com/register`. The page title is "Register". The form contains the following fields and callouts:

- Nickname:** A text input field with a person icon. Callout: "Nickname" Enter a nickname in half-width alphanumeric characters.
- E-Mail Address:** A text input field with an envelope icon. Callout: "E-Mail Address" Enter an email address other than mobile carrier email.
- Password:** A text input field with a lock icon. Callout: "Password" The Password can be any combination of alphanumeric characters and symbols from 4 to 63 characters.
- Re-type Password:** A text input field with a lock icon. Callout: "Re-type Password" Confirm password.
- Check box:** A checkbox with the text "I agree to the [terms and conditions](#)". Callout: "Check this 'Check box'".
- REGISTER:** A blue button with the text "REGISTER" and a right arrow. Callout: "Click 'REGISTER'".
- LOGIN:** A blue link with the text "LOGIN" and a house icon.

- When this screen is displayed, registration has been completed successfully. Next, check your email.

An email will be sent to the email address you entered.

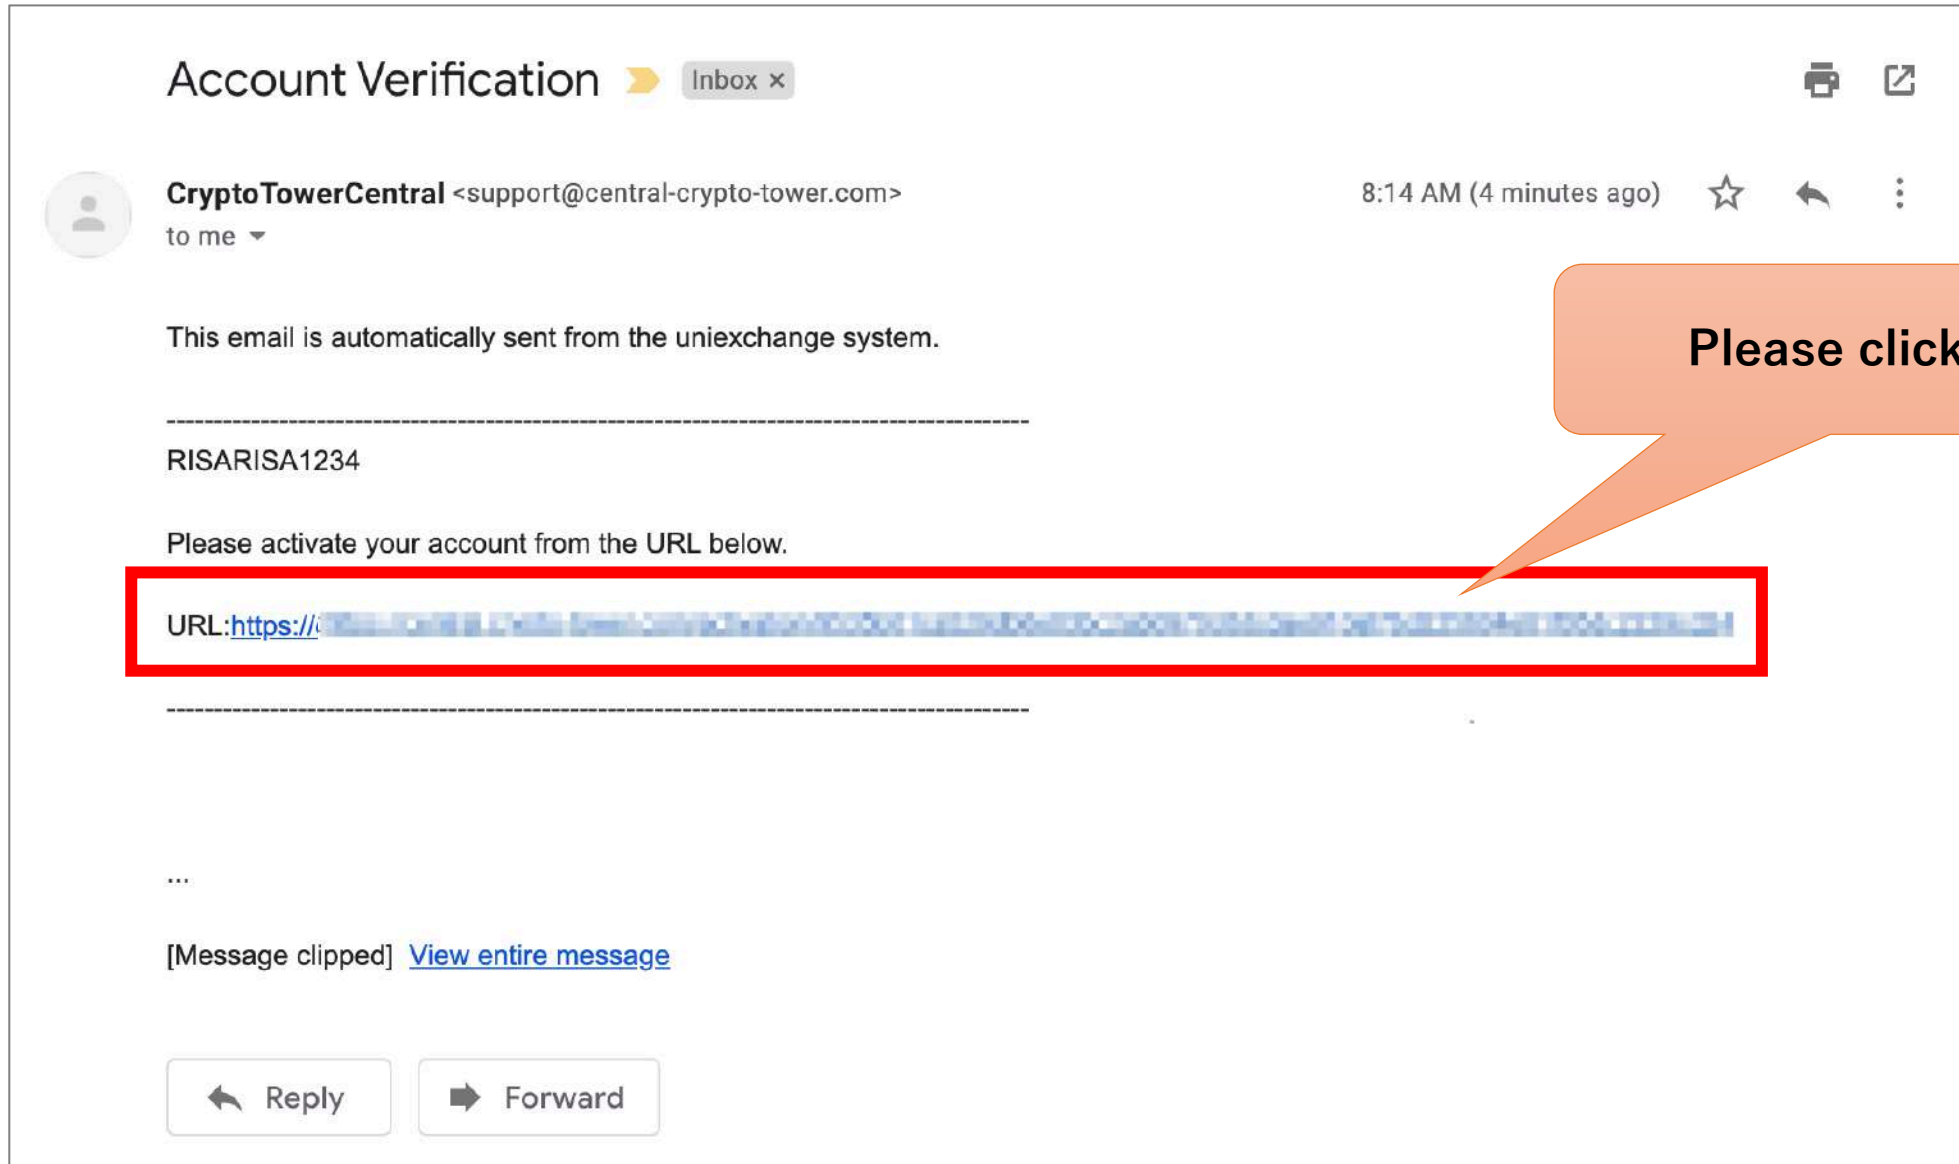

Please check if you received the email.

If you have not received it, please check the junk folder.

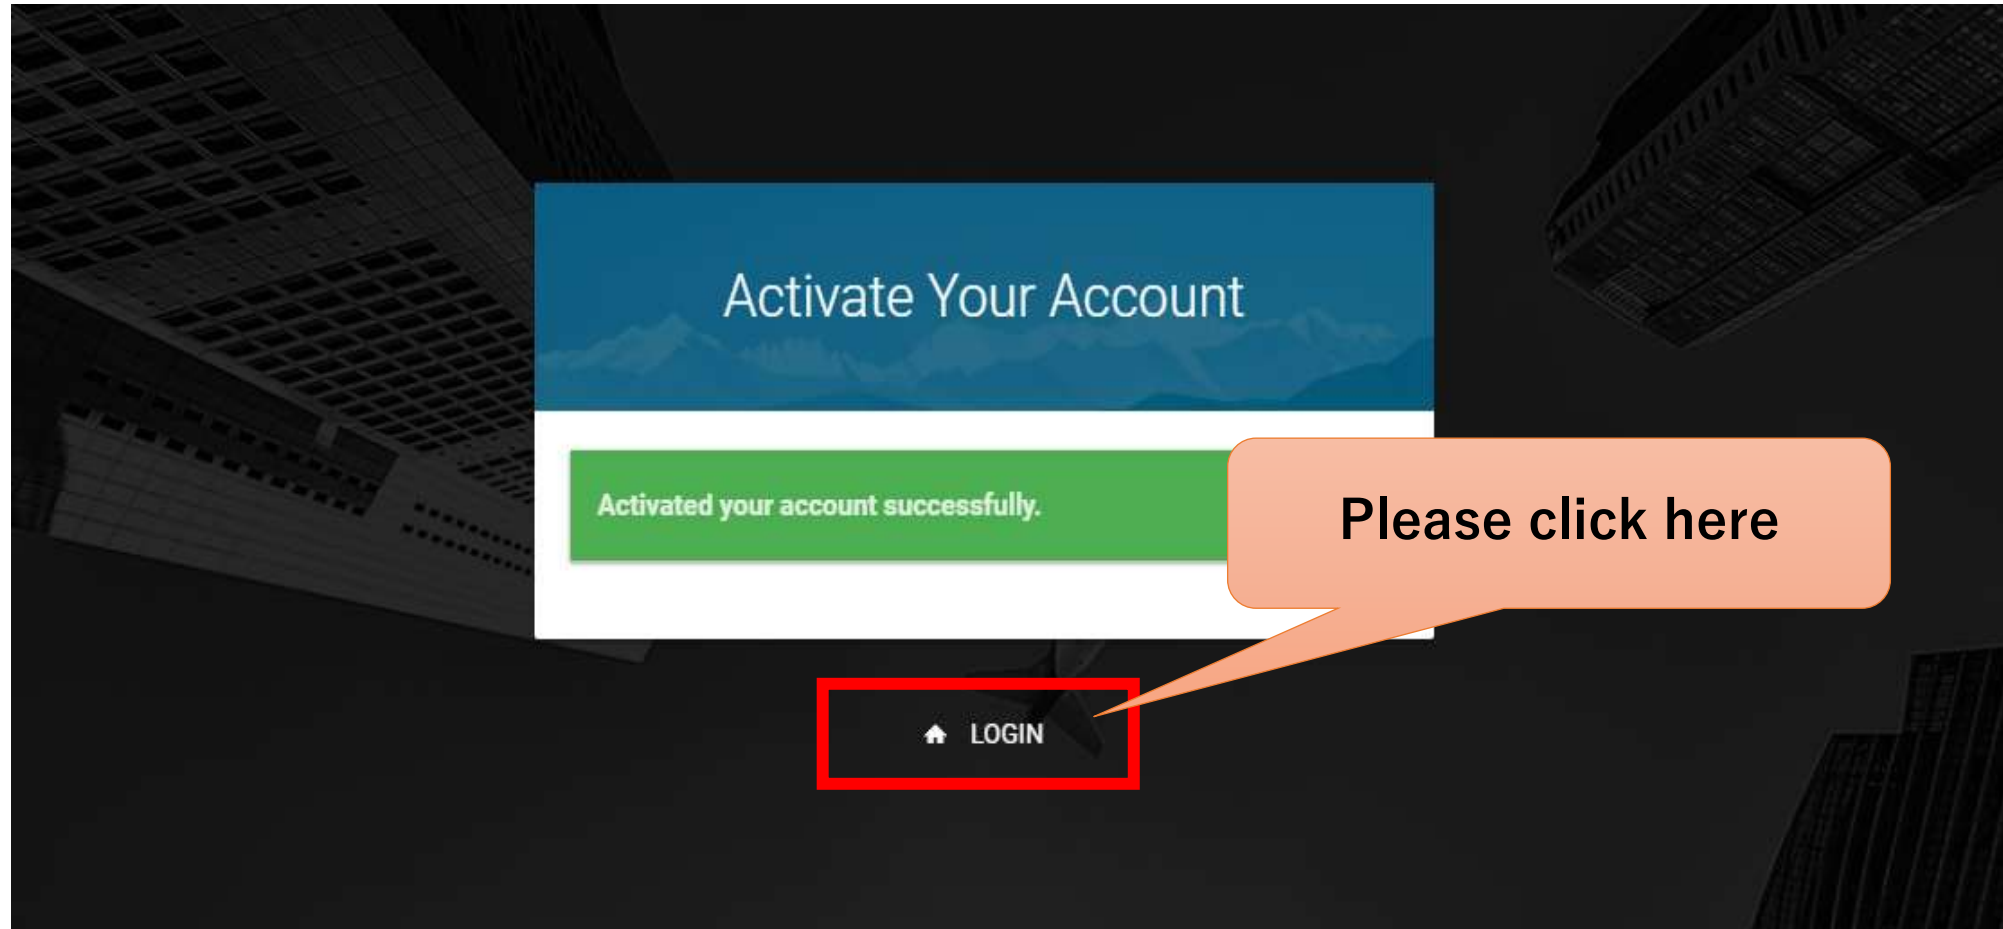

Also, if you have entered your mobile carrier email, you will not receive the email unless you have set up receiving.

Please try again with a different email address.

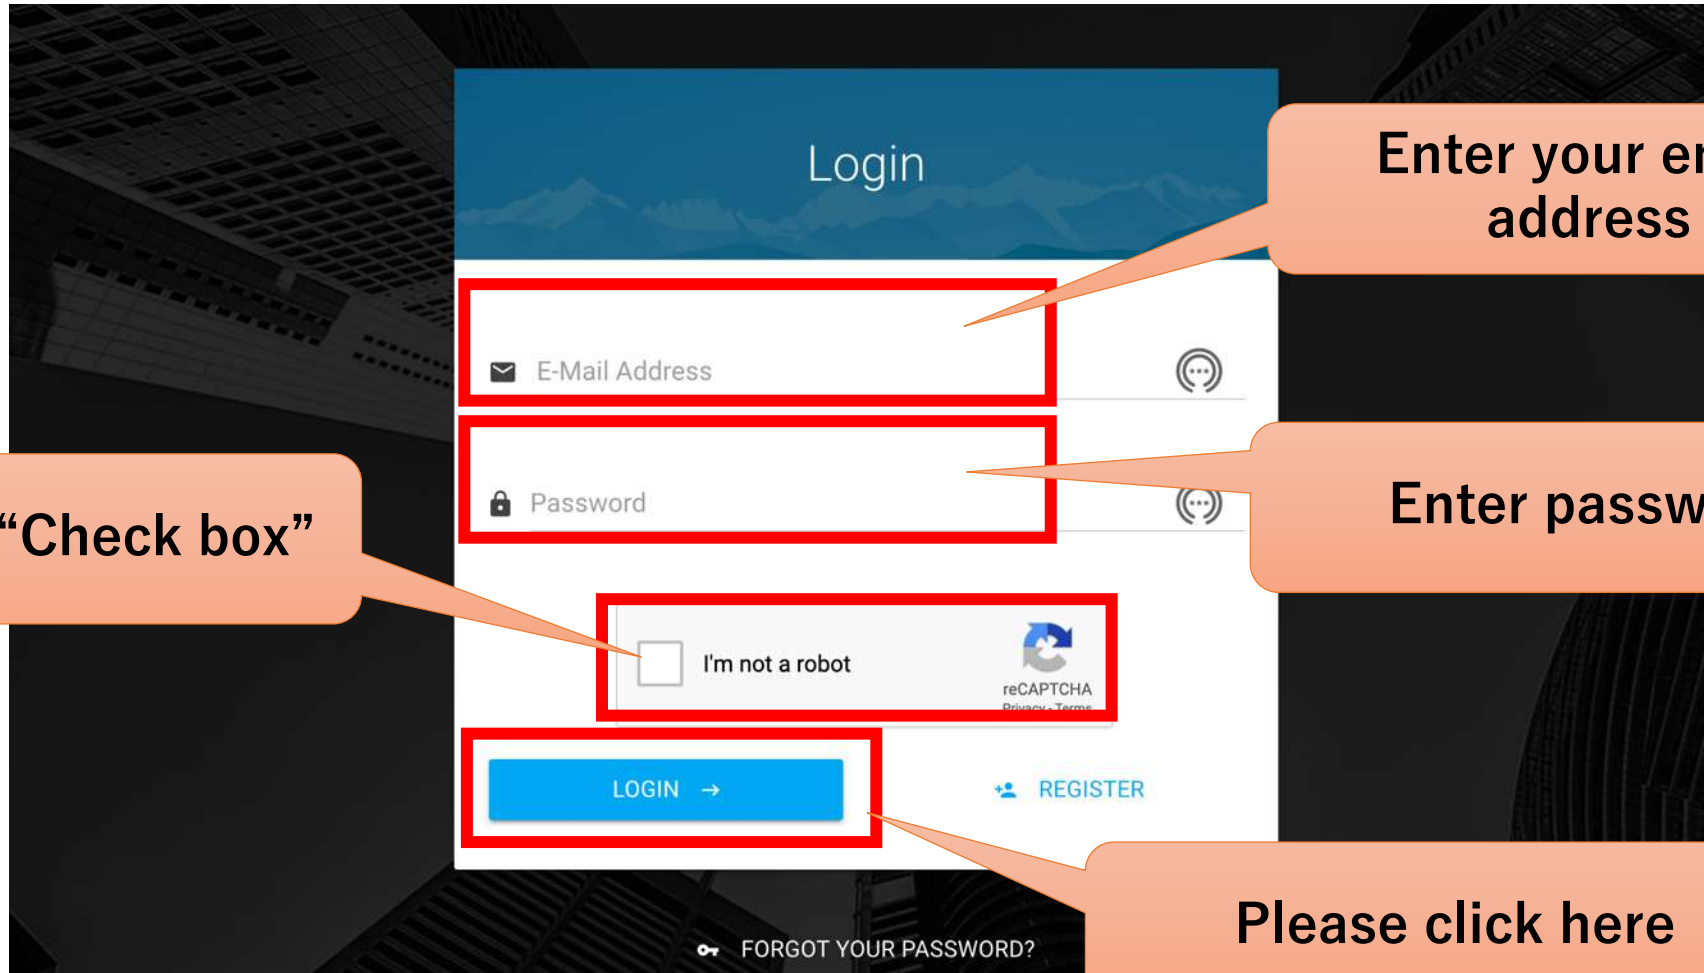

- Check the email sent to the registered email address. Click on the URL in the email.

- Click on the URL in the email to display this screen. Click the “LOGIN” button.

- Enter your registered email address and password, check “I am not a robot” and click the [LOGIN] button.

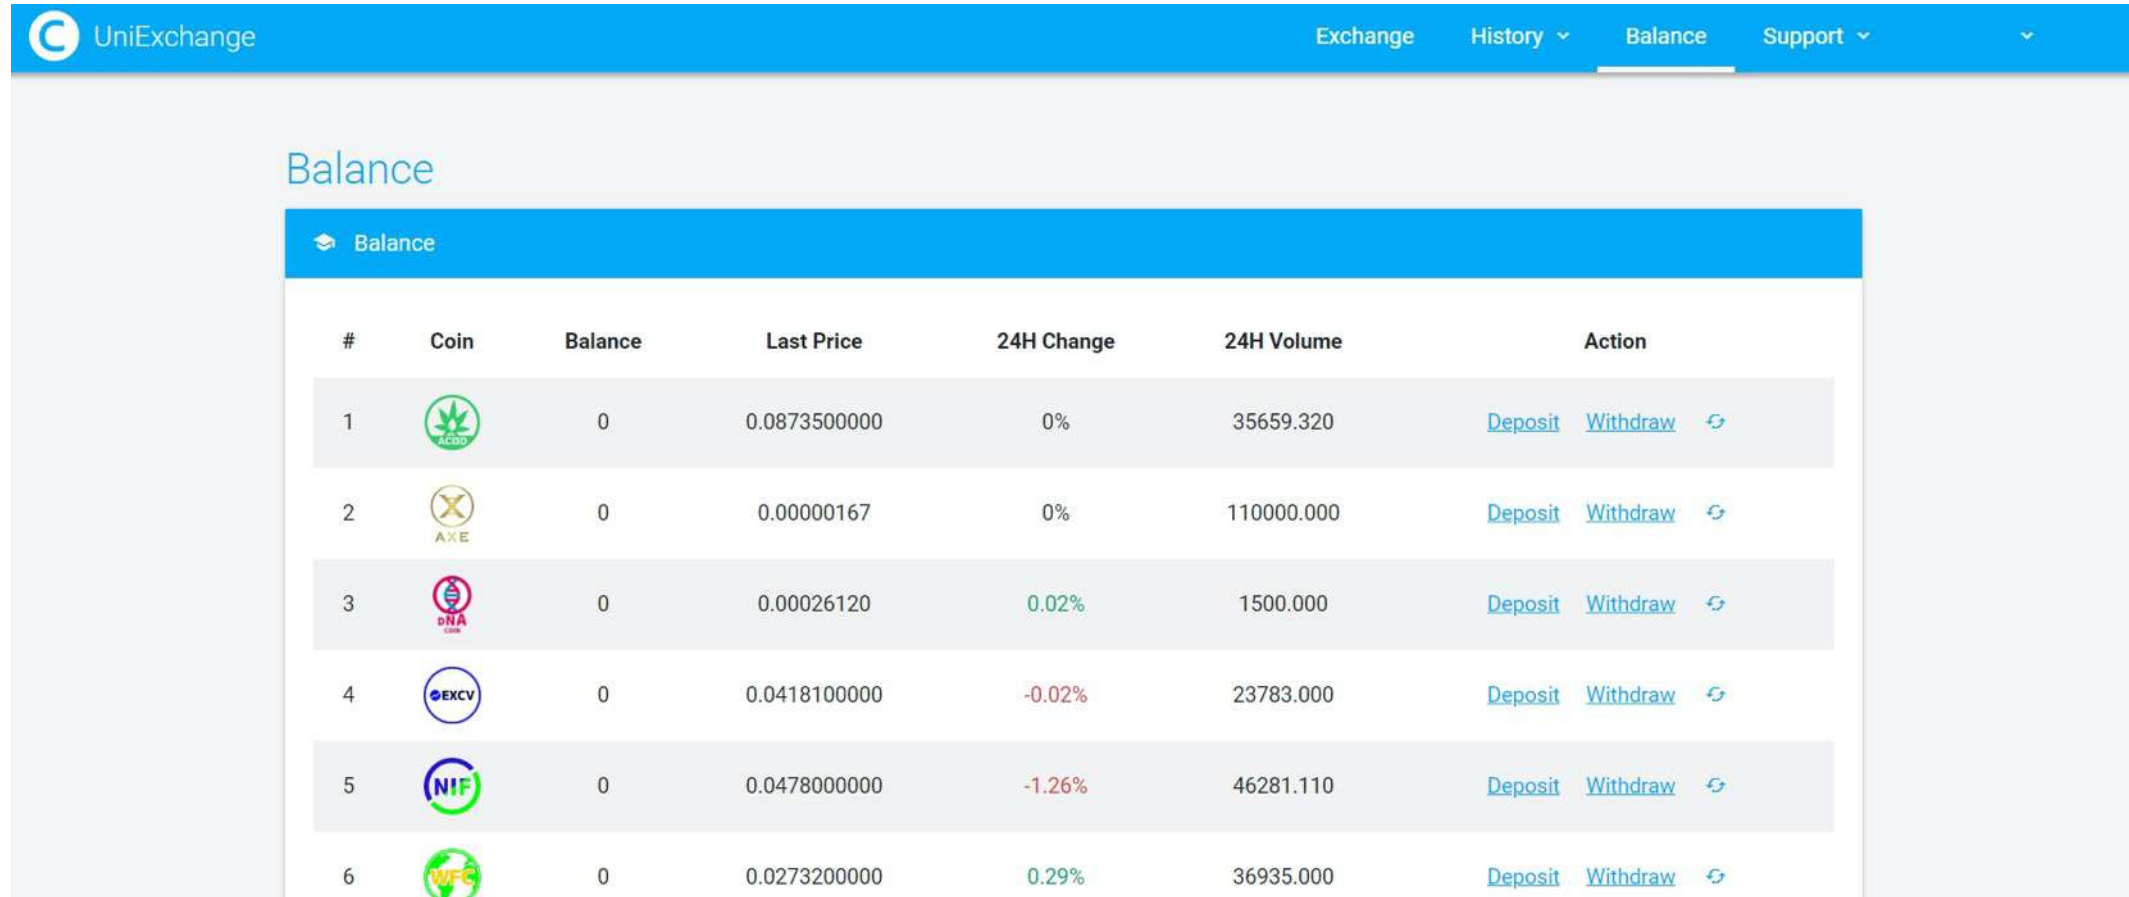

Enter your email address

Enter password

Check this “Check box”

Please click here

- When this screen is displayed, opening an account is complete. Next, set the security enhancement.

The screenshot shows the UniExchange interface with the 'Balance' tab selected. The page title is 'Balance'. Below the title is a table with the following columns: #, Coin, Balance, Last Price, 24H Change, 24H Volume, and Action. The table lists six cryptocurrencies: ACDD, AXE, DNA, EXCV, NIF, and WFC. Each row shows a balance of 0 and provides links for 'Deposit' and 'Withdraw' along with a refresh icon.

| # | Coin | Balance | Last Price | 24H Change | 24H Volume | Action |
|---|-----------------------------------------------------------------------------------------|---------|--------------|------------|------------|----------------------------------------------------------------------------------------------------------------------------------------|
| 1 |  ACDD | 0 | 0.0873500000 | 0% | 35659.320 | Deposit Withdraw  |
| 2 |  AXE | 0 | 0.00000167 | 0% | 110000.000 | Deposit Withdraw  |
| 3 |  DNA | 0 | 0.00026120 | 0.02% | 1500.000 | Deposit Withdraw  |
| 4 |  EXCV | 0 | 0.0418100000 | -0.02% | 23783.000 | Deposit Withdraw  |
| 5 |  NIF | 0 | 0.0478000000 | -1.26% | 46281.110 | Deposit Withdraw  |
| 6 |  WFC | 0 | 0.0273200000 | 0.29% | 36935.000 | Deposit Withdraw  |

■ Select "Profile" with red frame

The screenshot shows the UniExchange interface. At the top, there is a blue navigation bar with the UniExchange logo on the left and 'Balance' and 'Support' on the right. A dropdown menu is open under 'Account', with 'Profile' highlighted by a red frame. An orange callout box with the text 'Select here from the drop-down menu' points to the 'Profile' option. Below the navigation bar, the main content area is titled 'Balance' and contains a table with columns for '#', 'Coin', 'Balance', 'Last Price', '24H Change', '24H Volume', and 'Action'. The table lists six different coins with their respective icons, balances, prices, and 24-hour changes.

| # | Coin | Balance | Last Price | 24H Change | 24H Volume | Action |
|---|------|---------|--------------|------------|------------|--------------------------------------------------|
| 1 | | 0 | 0.0873500000 | 0% | 35659.320 | Deposit Withdraw |
| 2 | | 0 | 0.00000167 | 0% | 110000.000 | Deposit Withdraw |
| 3 | | 0 | 0.00026120 | 0.02% | 1500.000 | Deposit Withdraw |
| 4 | | 0 | 0.0418100000 | -0.02% | 23783.000 | Deposit Withdraw |
| 5 | | 0 | 0.0478000000 | -1.26% | 46281.110 | Deposit Withdraw |
| 6 | | 0 | 0.0273200000 | 0.29% | 36935.000 | Deposit Withdraw |

- Next, set the security enhancement.

The screenshot shows the UniExchange Profile page. At the top, there is a blue header with the UniExchange logo on the left and 'Support' and 'Account' dropdown menus on the right. The main content area is titled 'Profile' and contains the following fields:

- Nickname:
- Google Authentication
- Email:
- Email(Confirm):

At the bottom of the form is a blue button labeled 'SAVE'.

Google Authentication

Set up "Google Authentication" (two-step authentication) to enhance security.

In advance, the “**Google Authentication**” app
Please install it on your smartphone.

If you have already installed, please use the installed application.

■ Perform each item in **the red frame** as follows.

UniExchange

- When “Profile has been saved successfully.” Is displayed, the file has been saved successfully.

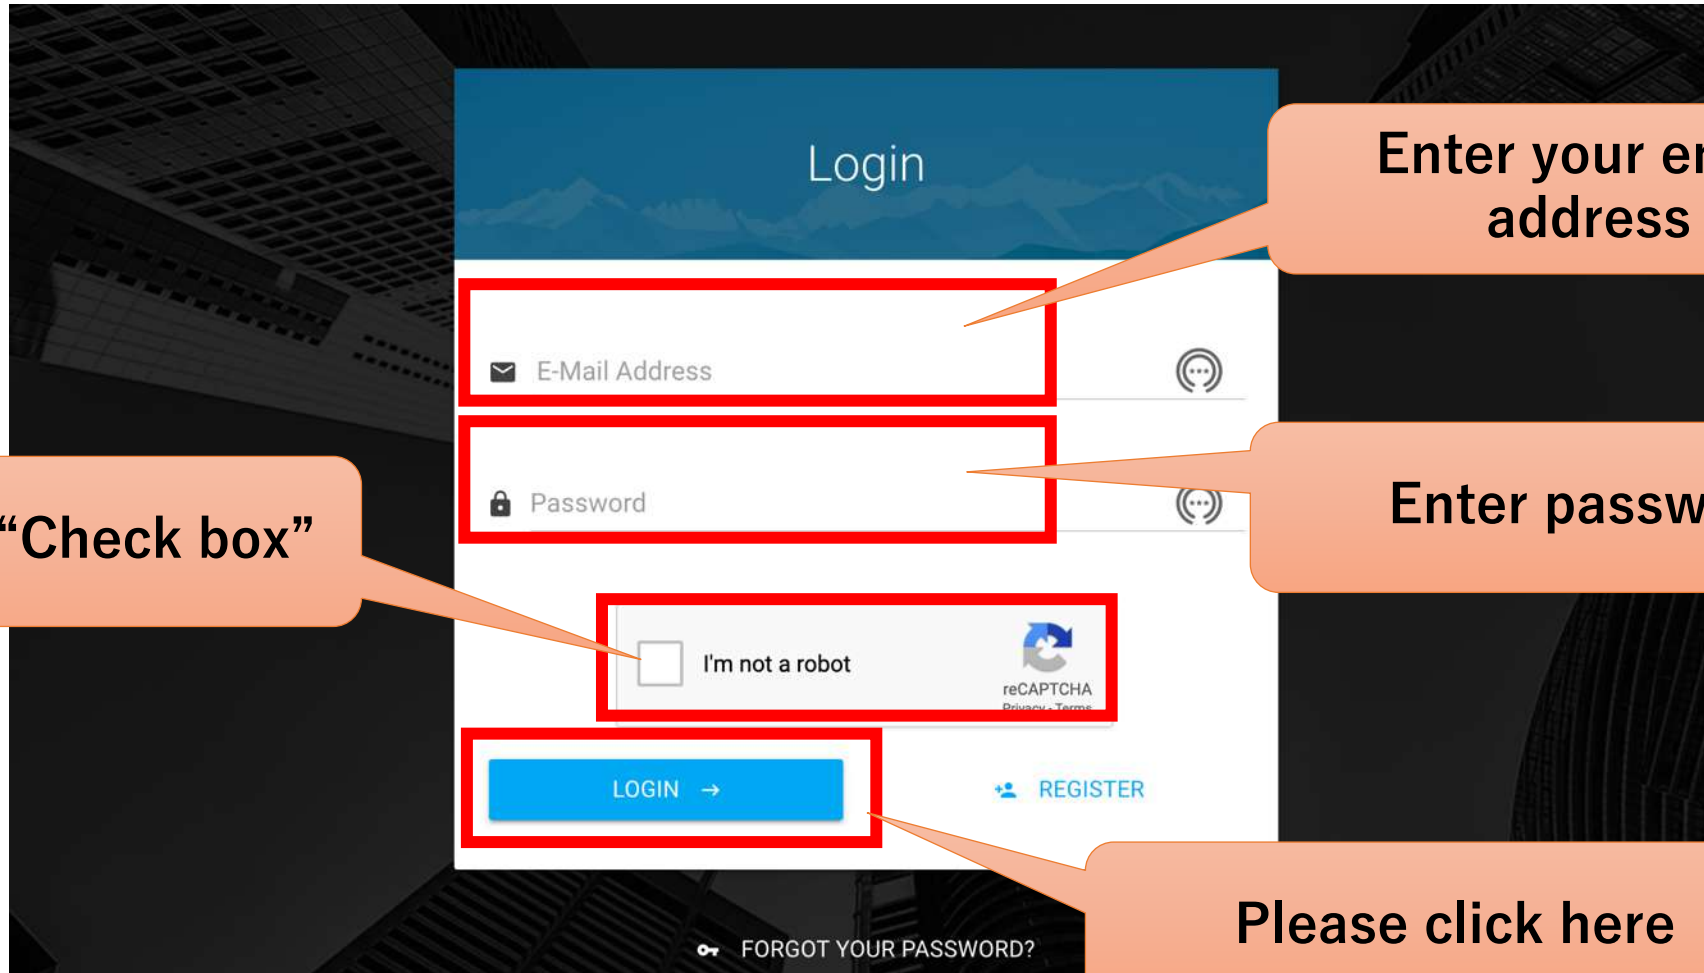

The screenshot shows the UniExchange website interface. At the top, there is a blue header with the UniExchange logo on the left and 'Support' and 'Account' dropdown menus on the right. Below the header, a teal notification bar contains a message dated 2019-06-01: 'Hello. We are preparing for our mail server. Until 2019/06/15, we will send our emails by using "central.crypto-tower@gmail.com".' The main content area is titled 'Profile'. A green success message, 'Profile has been saved successfully.', is highlighted with a red rectangular border. Below this message, there are form fields for 'Nickname', 'Email', and 'Email(Confirm)'. The 'Google Authentication' checkbox is checked. A blue 'SAVE' button is located at the bottom of the form.

- Confirmation of Google Authentication operation
Log out once.
For logout, select “Logout” after selecting the red frame.

- Enter your registered email address and password, check “I am not a robot” and click the [LOGIN] button.

Enter your email address

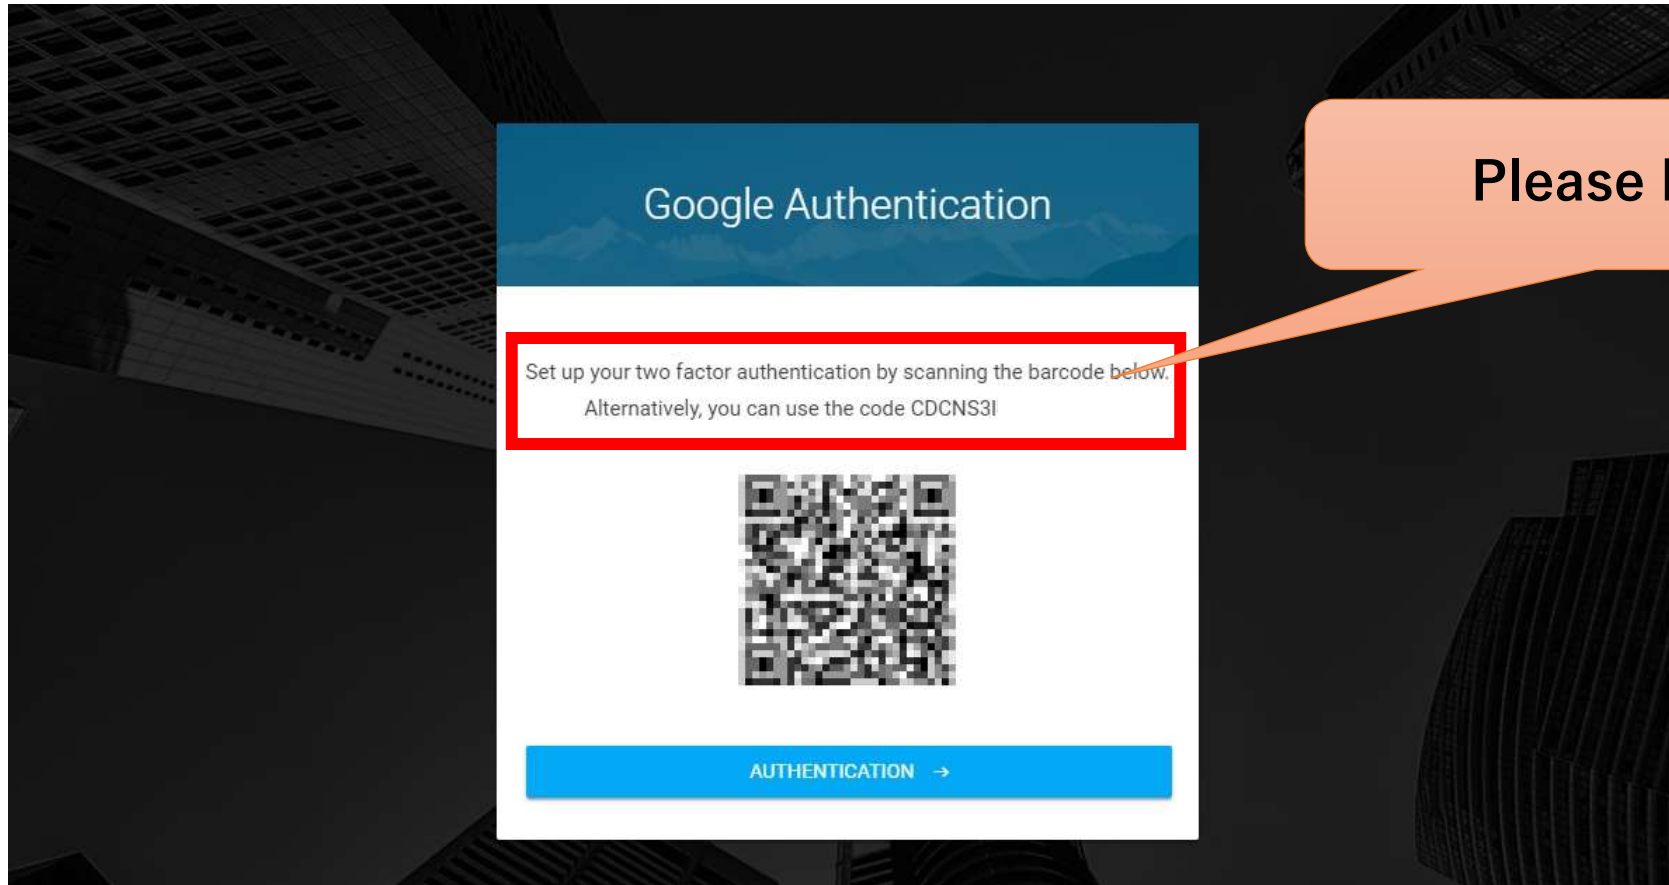

Enter password

Check this “Check box”

Please click here

- After logging in, a Google Authentication QR code will be displayed.

Note: Make a note of the backup code in the red frame before scanning. Necessary when you replace your smartphone or change its model.

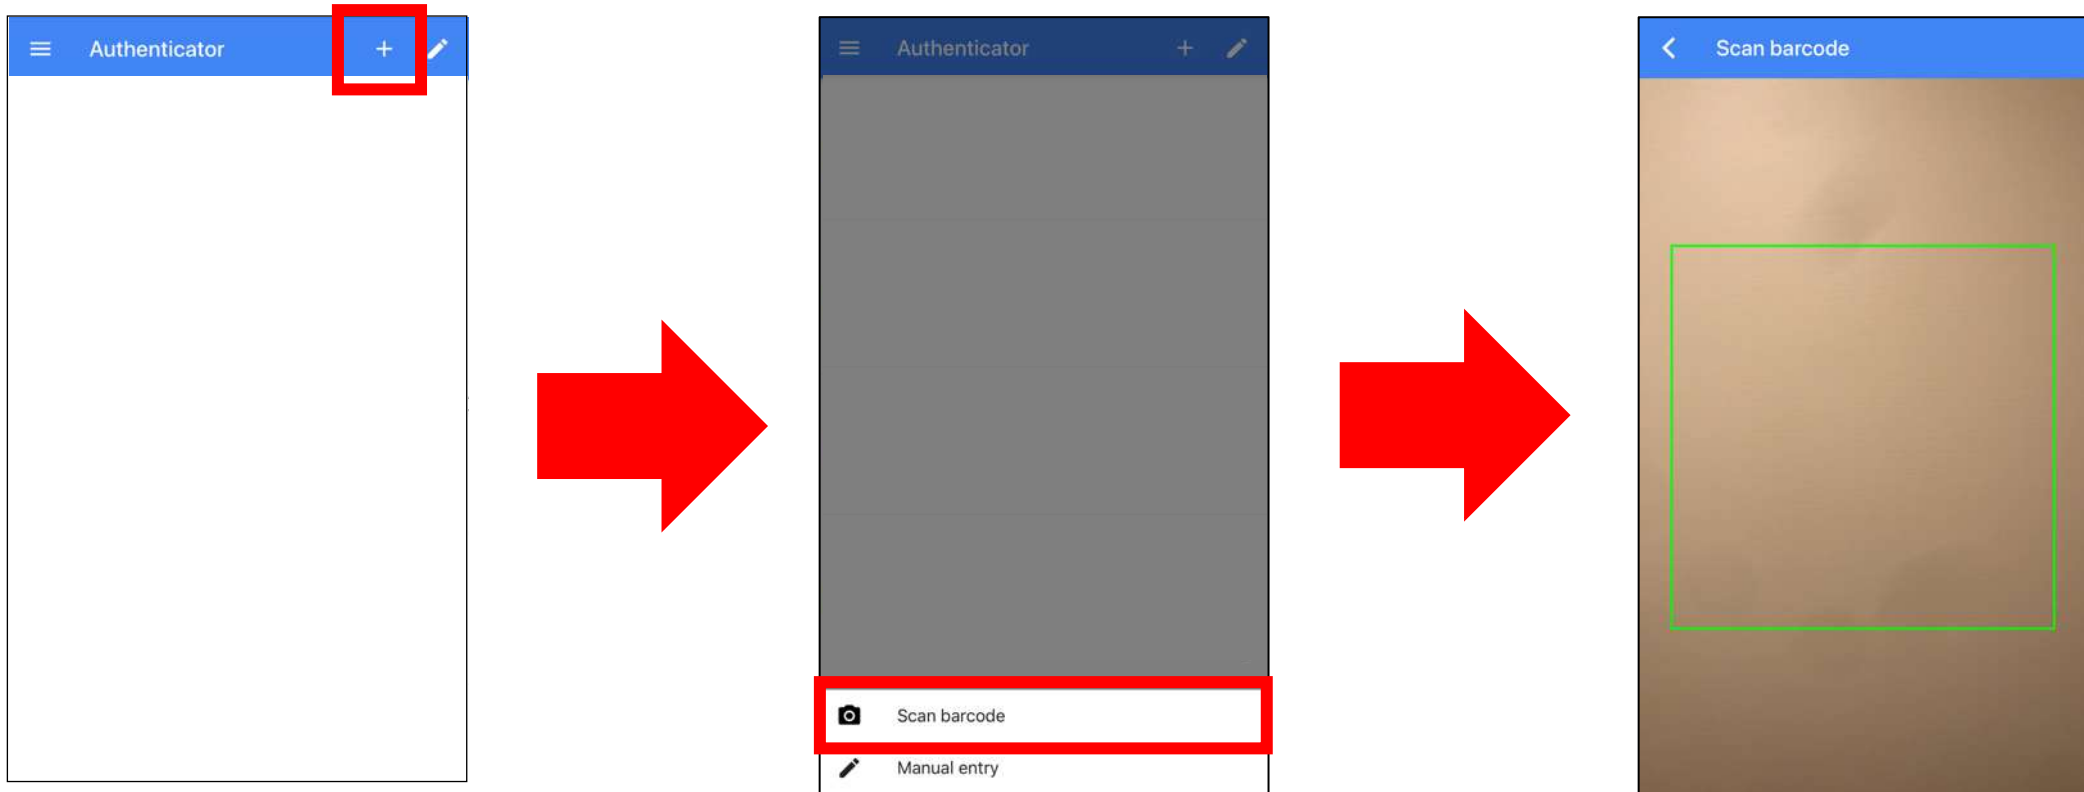

■ How to scan QR code with Google Authentication

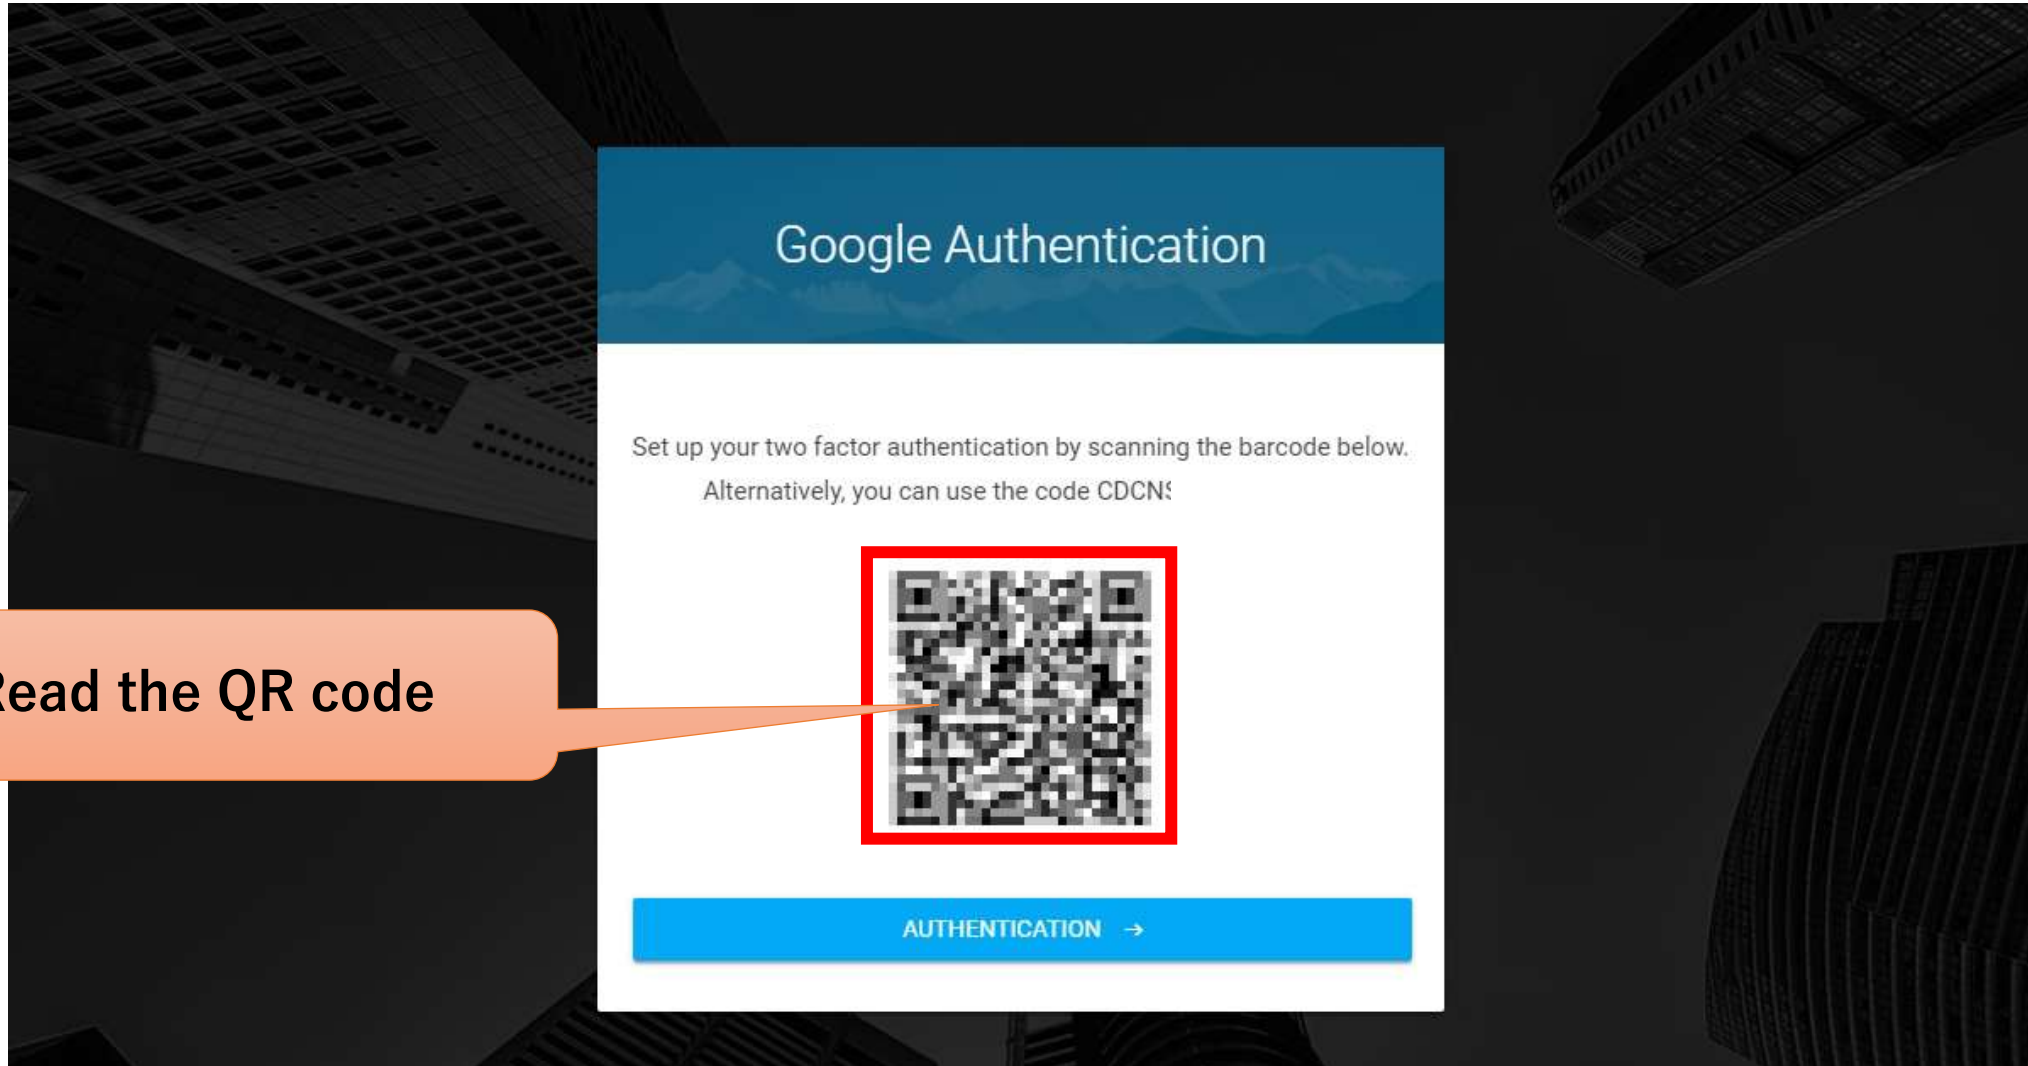

Select Google Authentication app

Select “+” in red frame → Select “Scan barcode” in red frame

When the camera starts up, scan the QR code with the started camera.

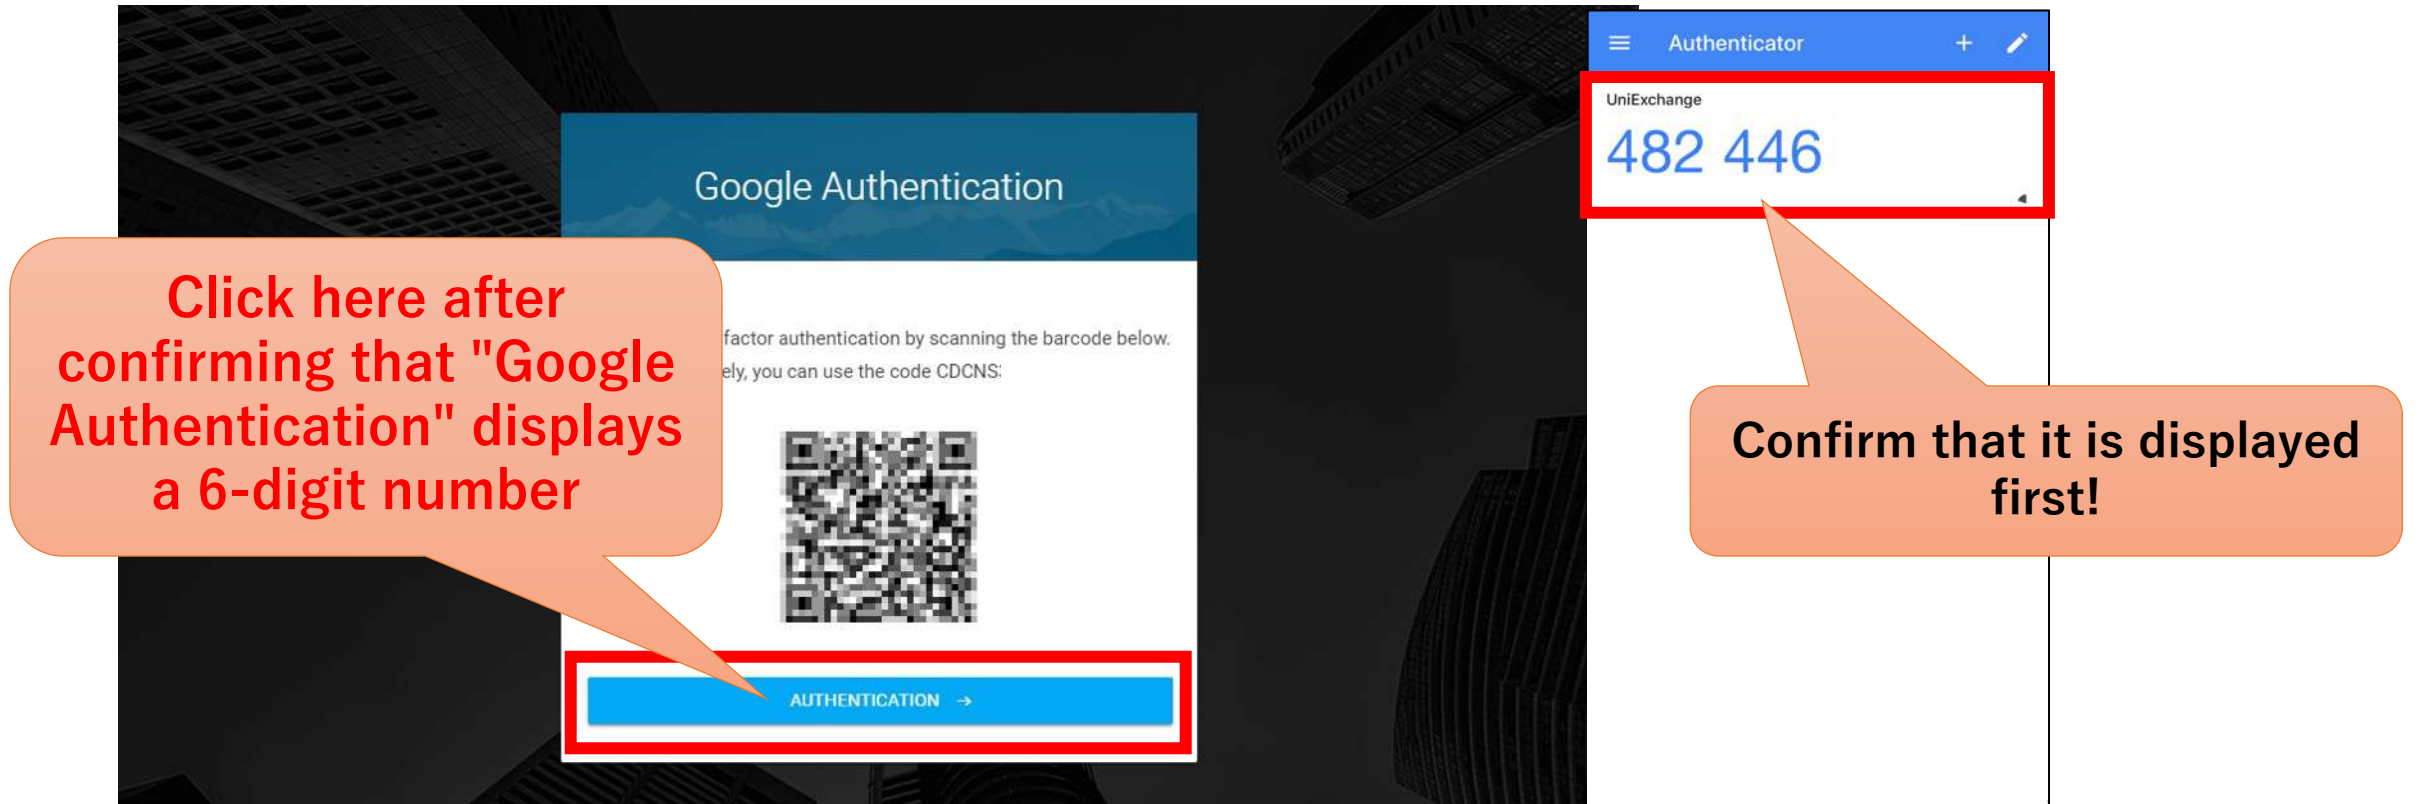

- Scan the QR code with the activated camera.

Read the QR code

- When scanning is complete and you can confirm that a 6-digit number is displayed on the smartphone, select **the red frame**.

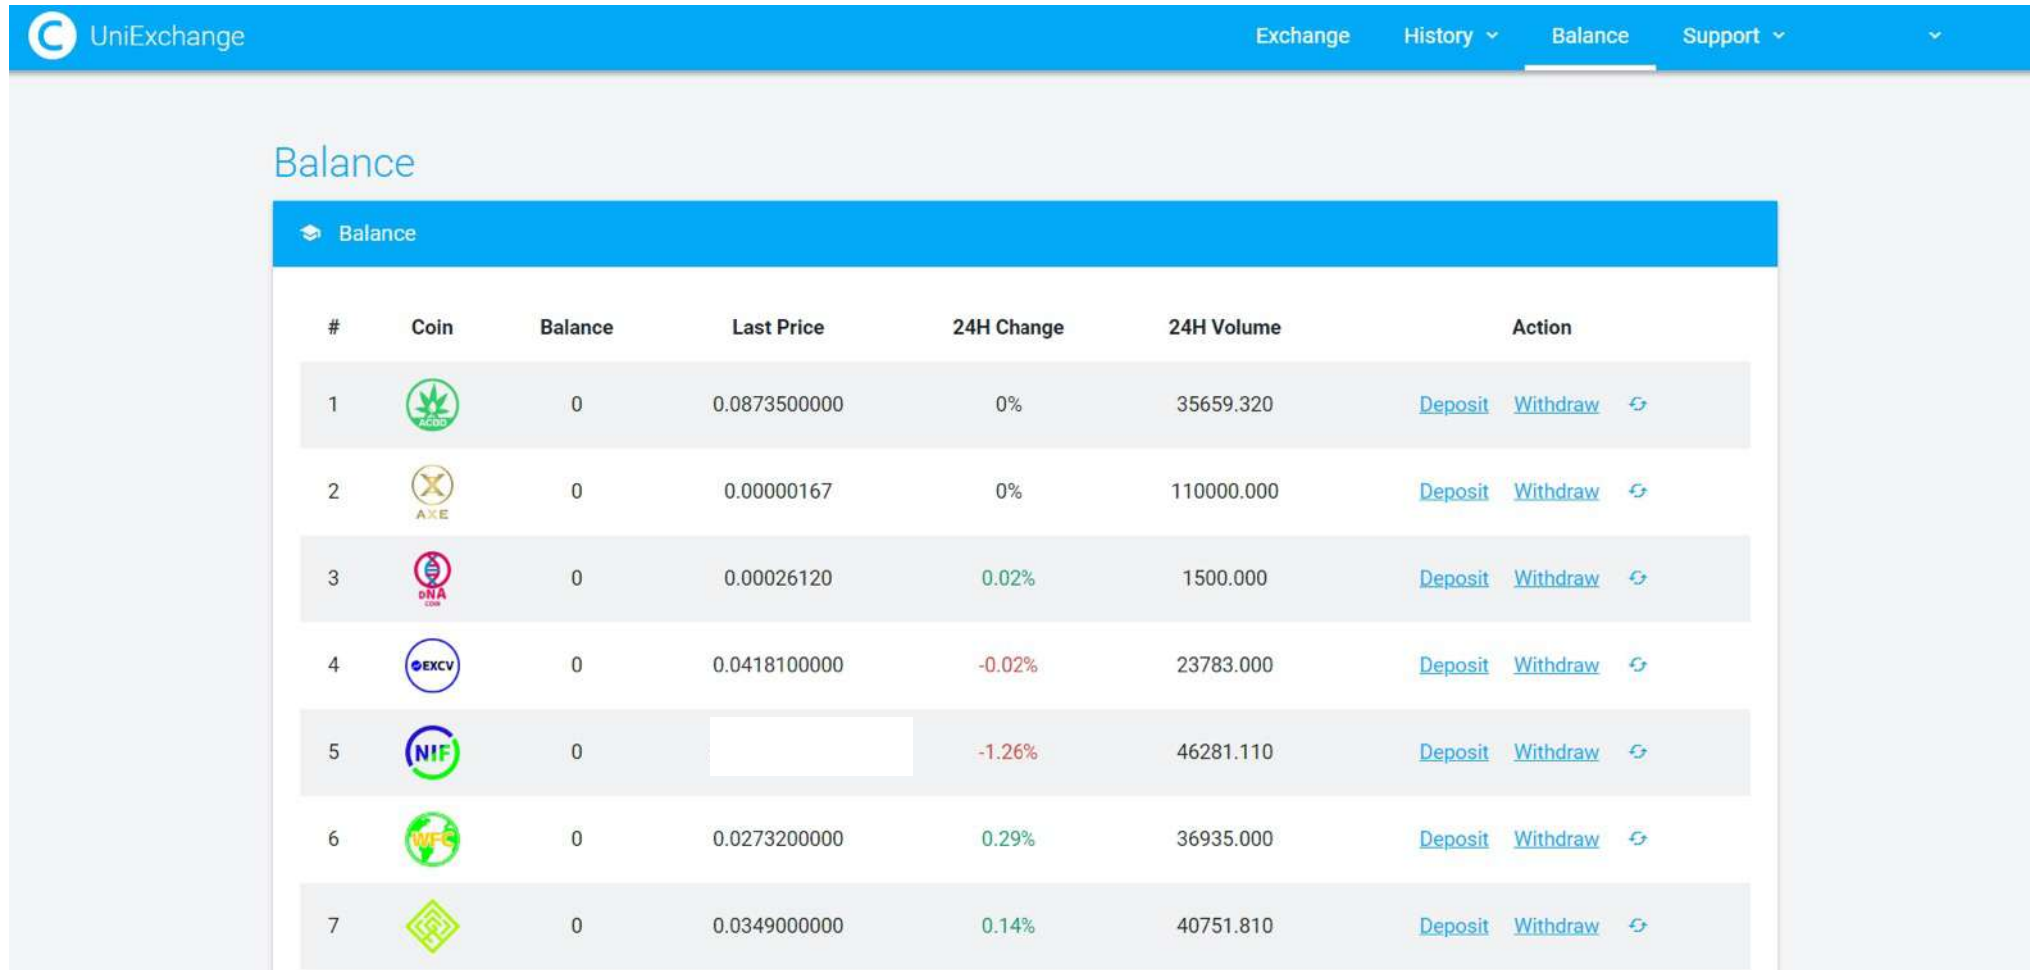

- Enter the “6-digit number” displayed in the red frame.
Click the [AUTHENTICATION] button immediately after entering.
*After a certain period of time, the “6-digit number” changes.

The image shows two overlapping screenshots. The background screenshot is a mobile app interface for Google Authentication. It features a blue header with the text "Google Authentication". Below the header is a white input field with a lock icon and the placeholder text "One Time Password". At the bottom of the input area is a blue button with the text "AUTHENTICATION" and a right-pointing arrow. A red rectangular frame highlights the "One Time Password" input field, and another red rectangular frame highlights the "AUTHENTICATION" button. An orange callout bubble with a pointer to the input field contains the text "Enter a 6-digit number". Another orange callout bubble with a pointer to the button contains the text "Please click here".

The foreground screenshot is a mobile app interface for an Authenticator. It has a blue header with the text "Authenticator". Below the header is a white card with the text "UniExchange" and a large blue "482 446". A red rectangular frame highlights the "482 446" number. An orange callout bubble with a pointer to the number contains the text "Please check here".

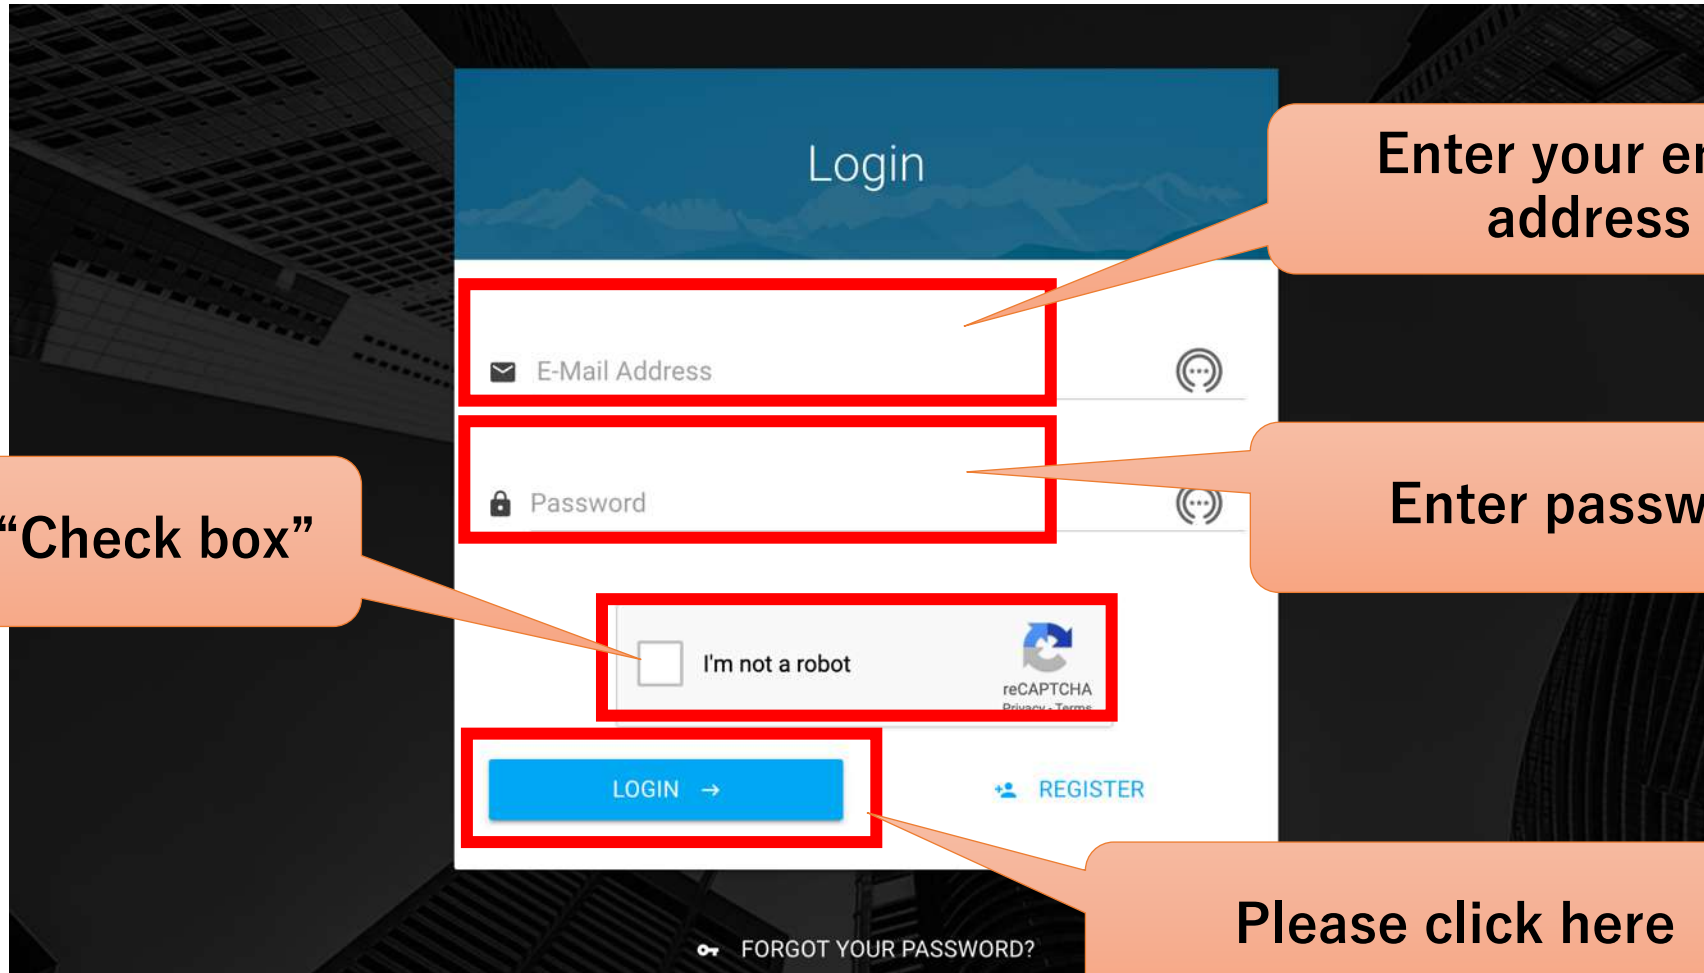

- When this screen appears, Google Authentication (two-step authentication) settings are complete. Log out once to confirm that it is set.

The screenshot shows the UniExchange interface with the 'Balance' tab selected. The main content area displays a table of crypto assets. The table has a blue header with a lock icon and the word 'Balance'. The table columns are: #, Coin, Balance, Last Price, 24H Change, 24H Volume, and Action. There are seven rows of data, each representing a different cryptocurrency. The 'Balance' column for all entries is '0'. The 'Action' column contains links for 'Deposit', 'Withdraw', and a refresh icon.

| # | Coin | Balance | Last Price | 24H Change | 24H Volume | Action |
|---|-------------------------------------------------------------------------------------|---------|--------------|------------|------------|----------------------------------------------------------------------------------------------------------------------------------------|
| 1 |  | 0 | 0.0873500000 | 0% | 35659.320 | Deposit Withdraw  |
| 2 |  | 0 | 0.00000167 | 0% | 110000.000 | Deposit Withdraw  |
| 3 |  | 0 | 0.00026120 | 0.02% | 1500.000 | Deposit Withdraw  |
| 4 |  | 0 | 0.0418100000 | -0.02% | 23783.000 | Deposit Withdraw  |
| 5 |  | 0 | | -1.26% | 46281.110 | Deposit Withdraw  |
| 6 |  | 0 | 0.0273200000 | 0.29% | 36935.000 | Deposit Withdraw  |
| 7 |  | 0 | 0.0349000000 | 0.14% | 40751.810 | Deposit Withdraw  |

- Enter your registered email address and password, check “I am not a robot” and click the [LOGIN] button.

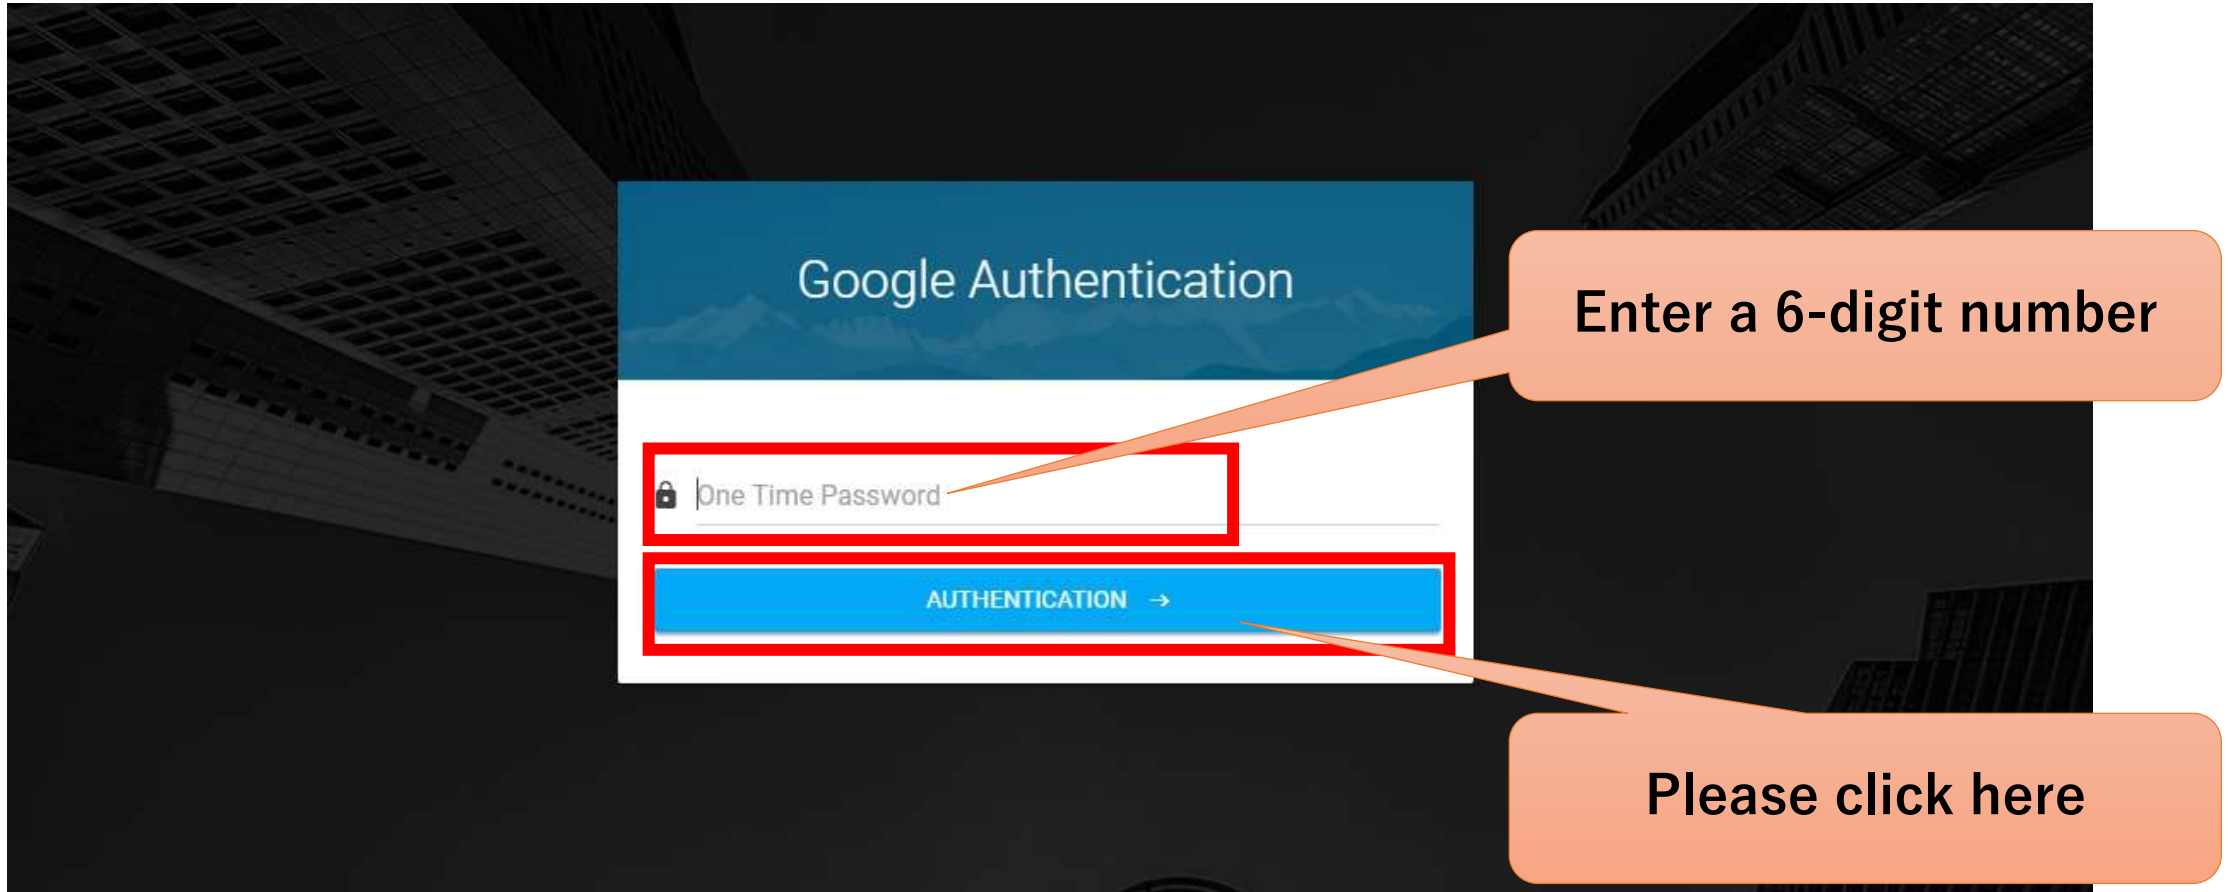

Check this "Check box"

Enter your email address

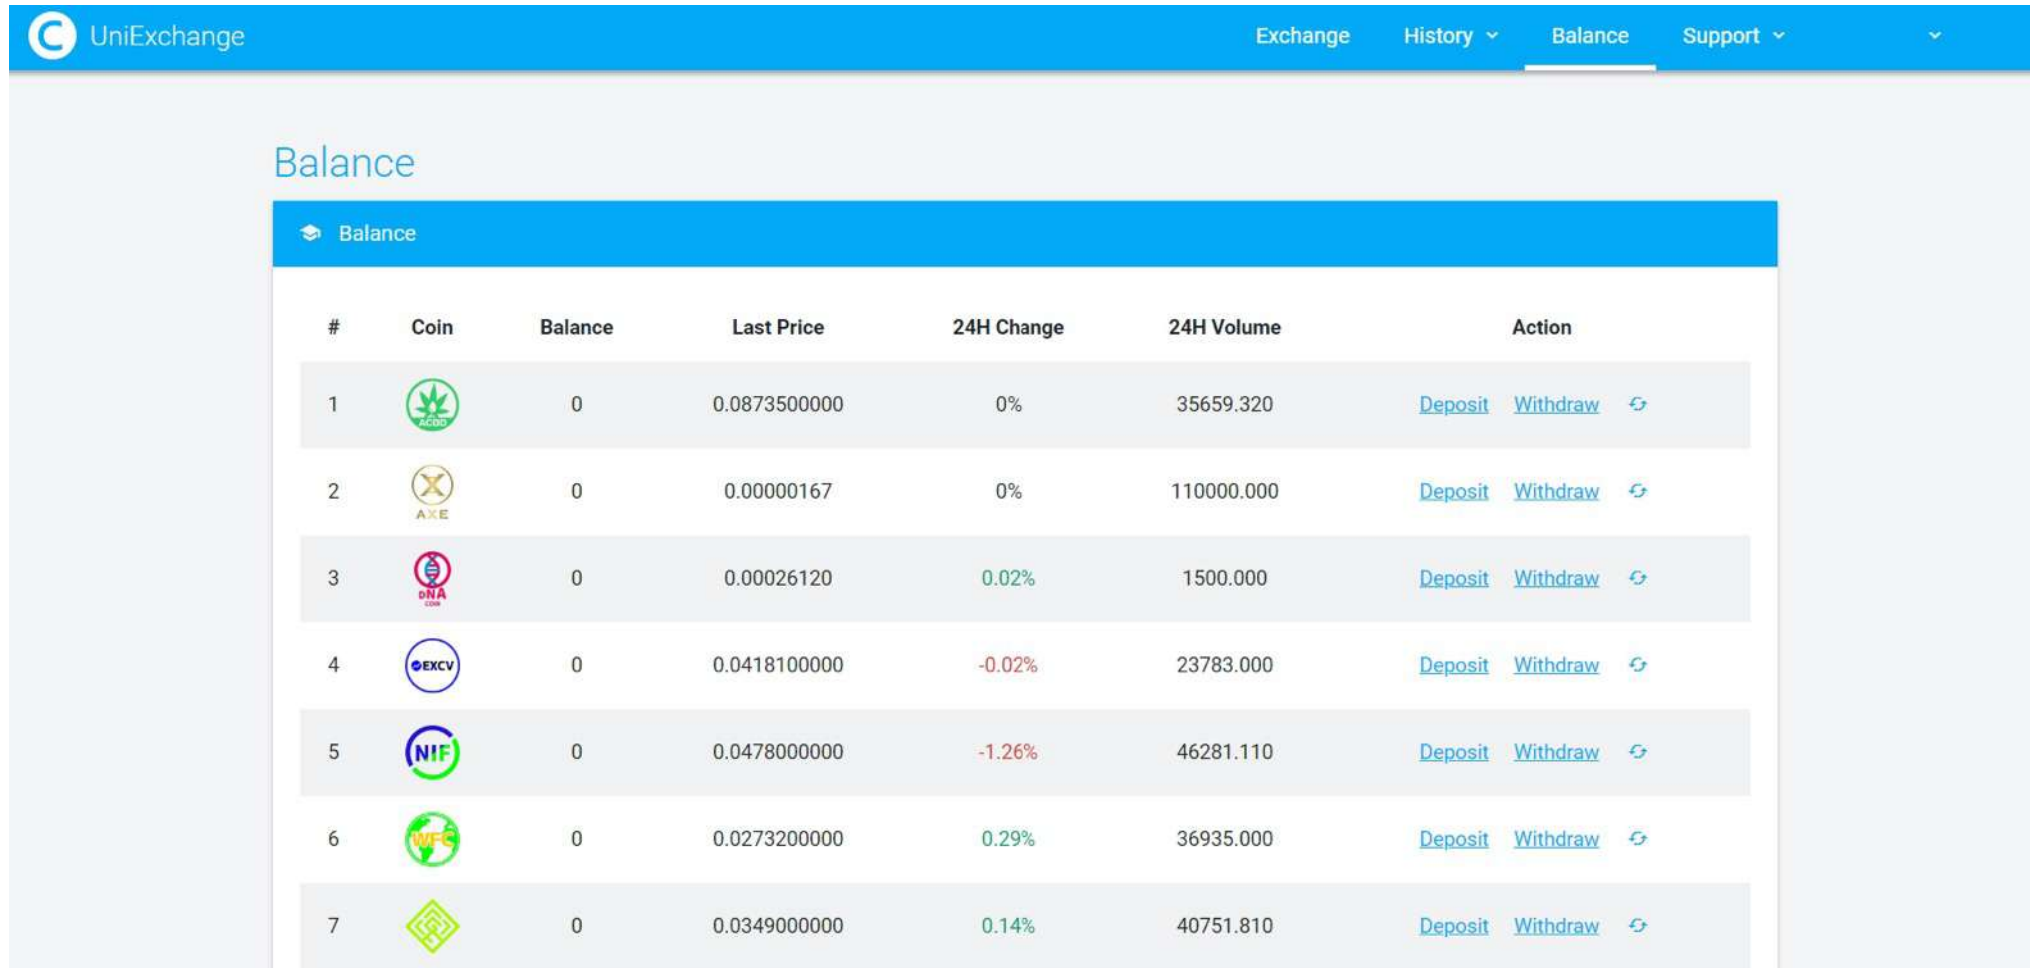

Enter password

Please click here

- Enter the “6-digit number” displayed in the red frame.
Click the [AUTHENTICATION] button immediately after entering.
*After a certain period of time, the “6-digit number” changes.

■ If this screen is displayed, you have successfully logged in.

The screenshot displays the UniExchange interface. At the top, there is a blue navigation bar with the UniExchange logo on the left and menu items for Exchange, History, Balance, and Support on the right. Below the navigation bar, the page title "Balance" is shown. A blue header bar contains a home icon and the word "Balance". The main content is a table with the following columns: #, Coin, Balance, Last Price, 24H Change, 24H Volume, and Action. The table lists seven different cryptocurrencies, all with a balance of 0. Each row includes a coin icon, its symbol, and links for Deposit, Withdraw, and a refresh icon.

| # | Coin | Balance | Last Price | 24H Change | 24H Volume | Action |
|---|-----------------------------------------------------------------------------------------|---------|--------------|------------|------------|----------------------------------------------------------------------------------------------------------------------------------------|
| 1 |  ACBD | 0 | 0.0873500000 | 0% | 35659.320 | Deposit Withdraw  |
| 2 |  AXE | 0 | 0.00000167 | 0% | 110000.000 | Deposit Withdraw  |
| 3 |  dNA | 0 | 0.00026120 | 0.02% | 1500.000 | Deposit Withdraw  |
| 4 |  EXCV | 0 | 0.0418100000 | -0.02% | 23783.000 | Deposit Withdraw  |
| 5 |  NIF | 0 | 0.0478000000 | -1.26% | 46281.110 | Deposit Withdraw  |
| 6 |  WFC | 0 | 0.0273200000 | 0.29% | 36935.000 | Deposit Withdraw  |
| 7 |  UNI | 0 | 0.0349000000 | 0.14% | 40751.810 | Deposit Withdraw  |

New account registration and enhanced security settings are complete.
