■ CRYPTO TOWER "Central" Account Opening Manual

[https://www.uni-c.io/Central\\_Account.pdf](https://www.uni-c.io/Central_Account.pdf)

# Before transaction mining

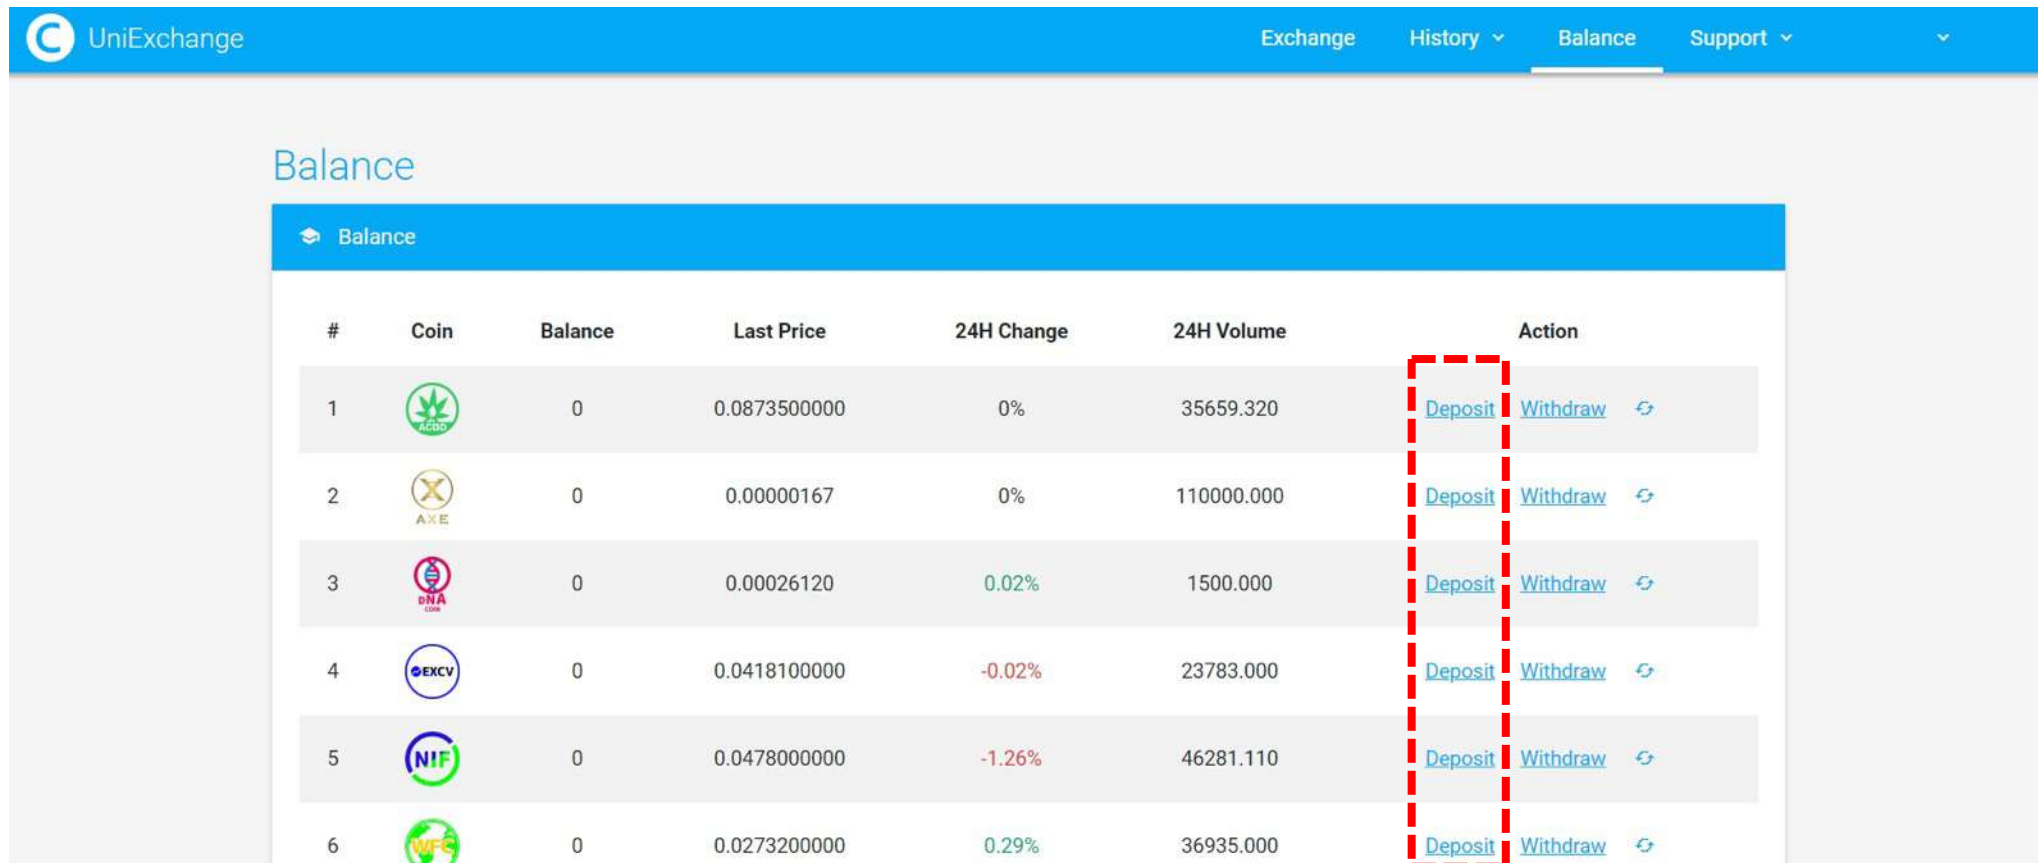

1. Login to CRYPTO TOWER
2. Login to Central
3. Send “Member cryptocurrency” and “UNI COIN” to Central.

**First, you send “member  
cryptocurrency” and “UNI COIN” to  
“Central”.**

**Please check the next page.**

After logging in, select “Deposit” in the row of “Member cryptocurrency” or “UNI COIN” you want to send from the “Balance Page”.

\*Note: Please do not mistake the address of the destination. It cannot be returned even if you send the wrong address.

The screenshot shows the UniExchange interface with the 'Balance' tab selected. A table lists six cryptocurrencies with their respective icons, balances, last prices, 24-hour changes, and 24-hour volumes. In the 'Action' column, each row has a 'Deposit' button, a 'Withdraw' button, and a refresh icon. The 'Deposit' buttons for all six rows are enclosed in a red dashed rectangular box.

#	Coin	Balance	Last Price	24H Change	24H Volume	Action
1		0	0.0873500000	0%	35659.320	<a href="#">Deposit</a> <a href="#">Withdraw</a> 
2		0	0.00000167	0%	110000.000	<a href="#">Deposit</a> <a href="#">Withdraw</a> 
3		0	0.00026120	0.02%	1500.000	<a href="#">Deposit</a> <a href="#">Withdraw</a> 
4		0	0.0418100000	-0.02%	23783.000	<a href="#">Deposit</a> <a href="#">Withdraw</a> 
5		0	0.0478000000	-1.26%	46281.110	<a href="#">Deposit</a> <a href="#">Withdraw</a> 
6		0	0.0273200000	0.29%	36935.000	<a href="#">Deposit</a> <a href="#">Withdraw</a> 

A separate page for selecting "Deposit" will open.  
Copy "Deposit Address" starting from "0x ...".

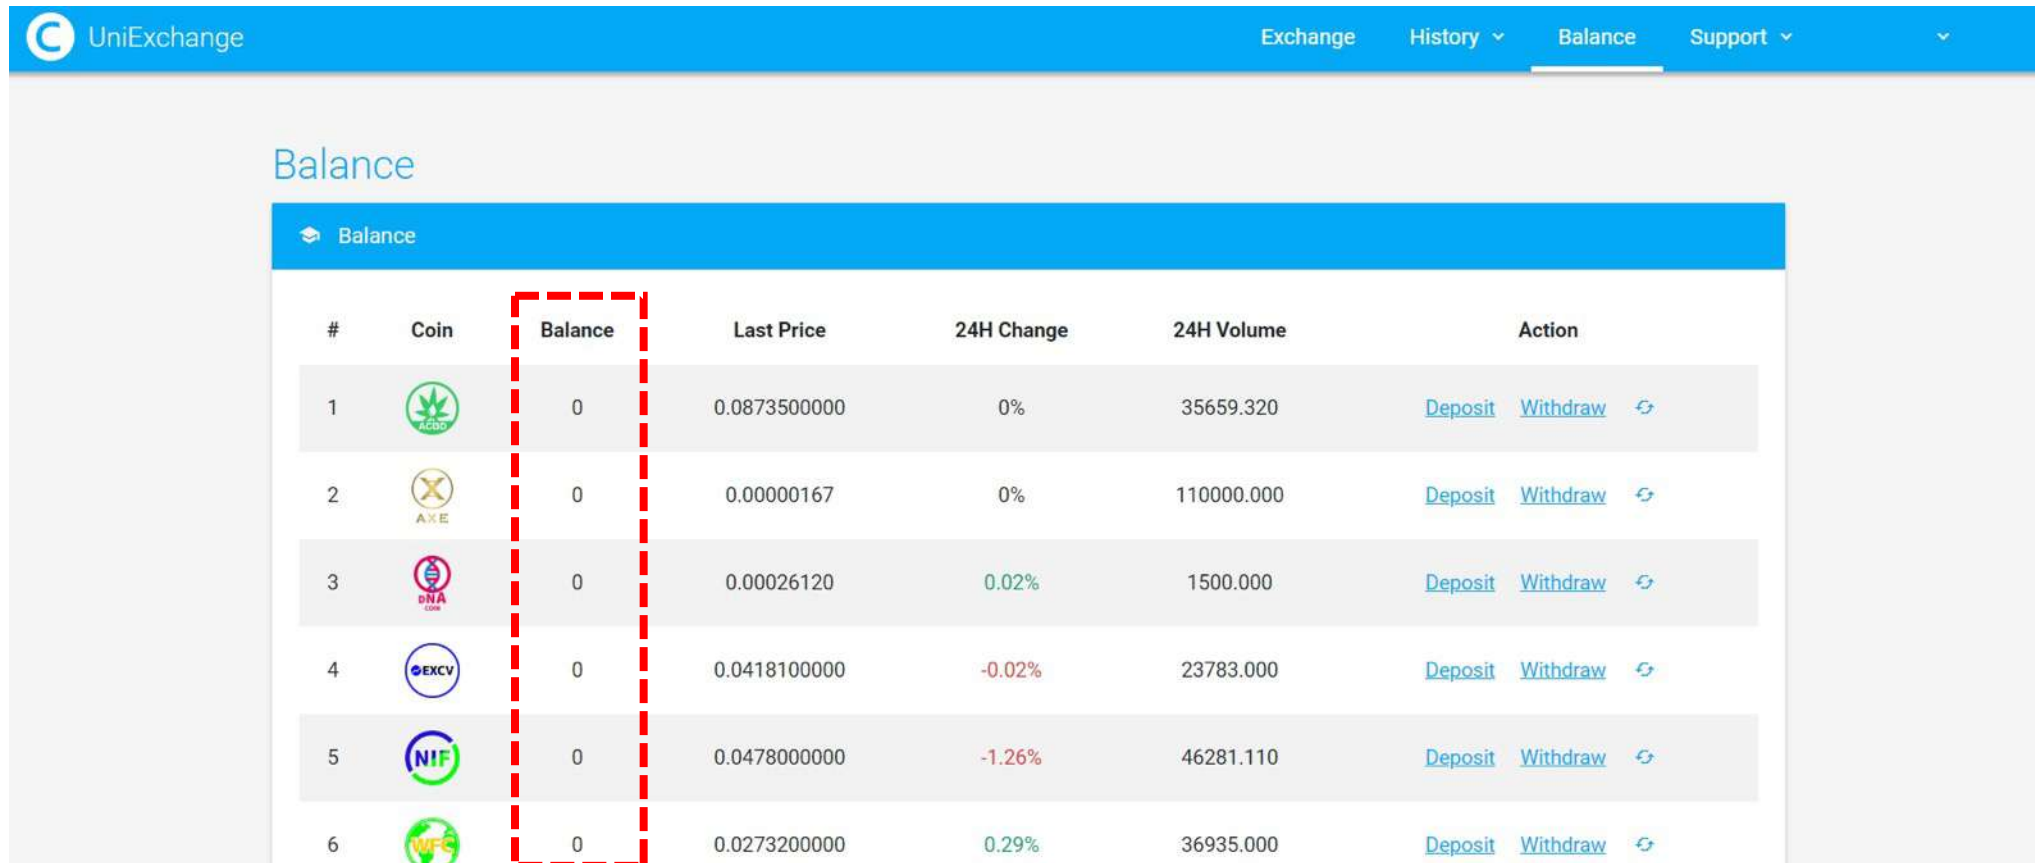

Please paste and send this address.

(Example is for ACBD)

The screenshot shows the UniExchange website interface. At the top, there is a blue navigation bar with the UniExchange logo and links for Exchange, History, Balance, and Support. A modal window titled "Deposit (ACBD)" is open in the foreground. It contains the following text: "After deposit to following address, because of security the amount of following address is sent to cold wallet." Below this text is a text input field labeled "Deposit Address" containing the value "0xa9". A red dashed box highlights the input field. A red arrow points from the "Deposit" link in the background to the input field. The background shows a table with an "Action" column and several rows, each containing "Deposit" and "Withdraw" links. The "Deposit" link in the first row is also highlighted with a red dashed box.

Action
<a href="#">Deposit</a> <a href="#">Withdraw</a> ↻
<a href="#">Deposit</a> <a href="#">Withdraw</a> ↻
<a href="#">Deposit</a> <a href="#">Withdraw</a> ↻
<a href="#">Deposit</a> <a href="#">Withdraw</a> ↻
<a href="#">Deposit</a> <a href="#">Withdraw</a> ↻
<a href="#">Deposit</a> <a href="#">Withdraw</a> ↻

The sent cryptocurrency is displayed in **the red frame** of "Balance" here. Once your account receive the money, you can trade.

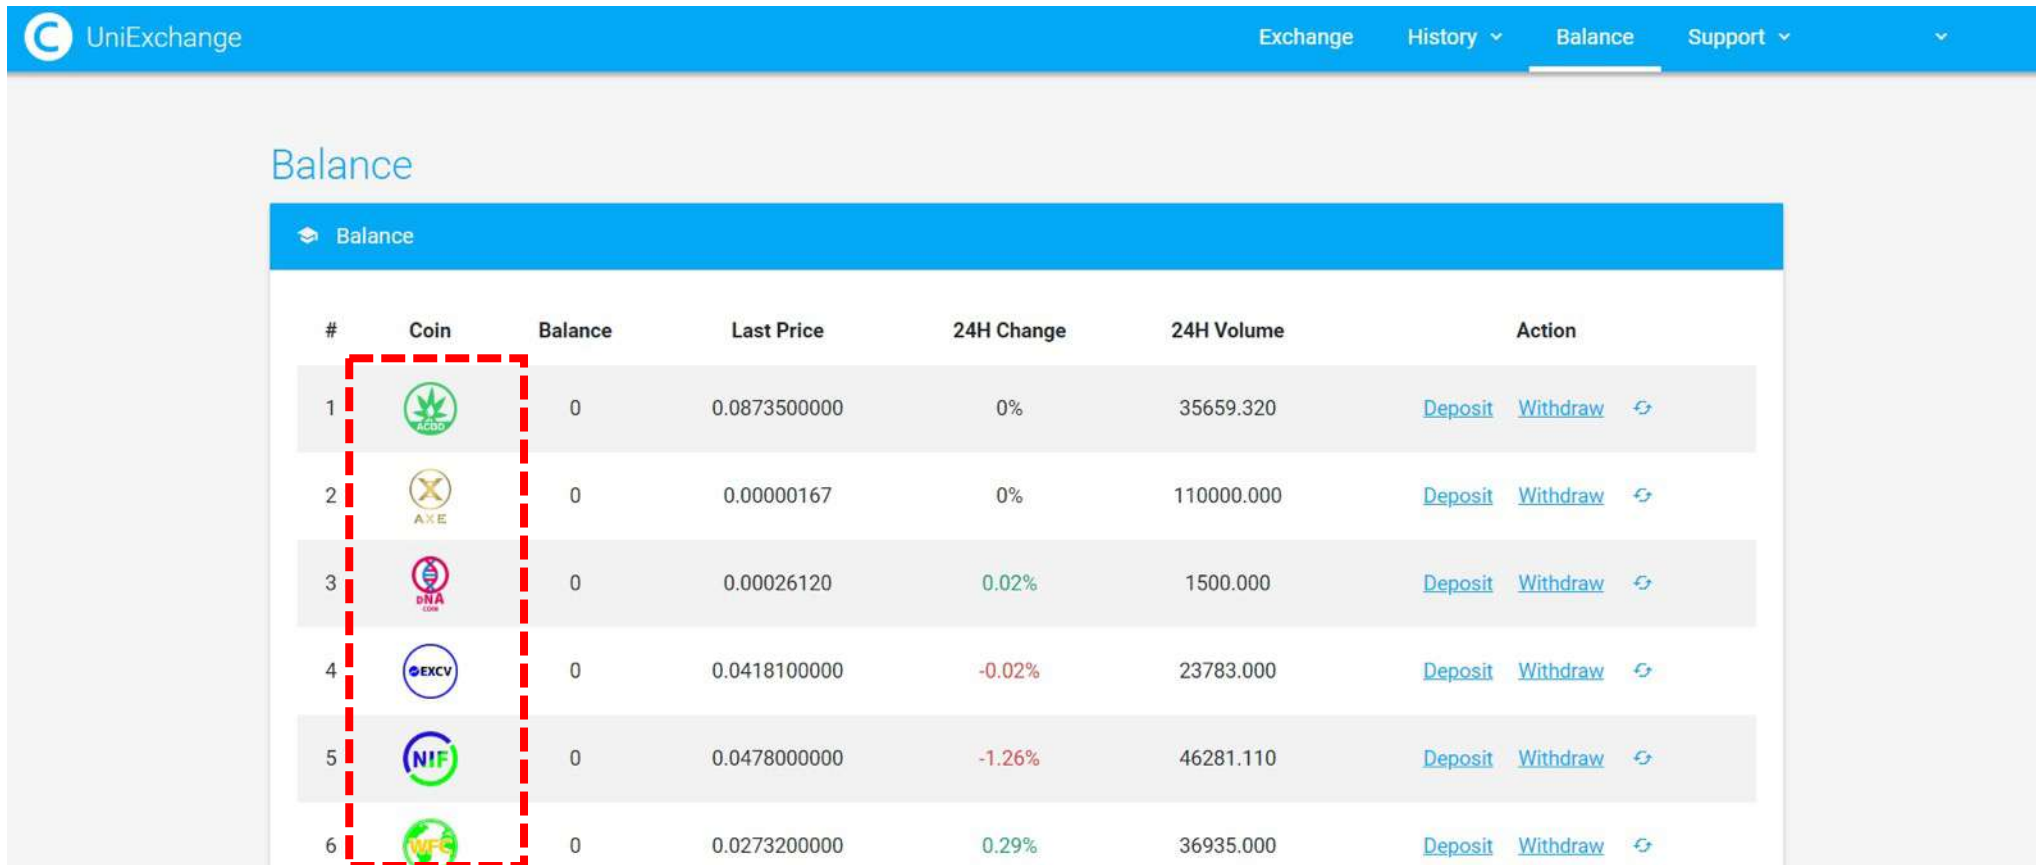

The screenshot shows the UniExchange interface with the 'Balance' tab selected. A table lists six cryptocurrencies with their respective icons, balances, last prices, 24-hour changes, and 24-hour volumes. The 'Balance' column for all entries is zero and is highlighted with a red dashed box. Each row includes 'Deposit' and 'Withdraw' links and a refresh icon.

#	Coin	Balance	Last Price	24H Change	24H Volume	Action

UNI	105,337.012085010297596455
ACBD	808,784.682336386293172836

Example) Pattern① Explains a transaction to **buy** “600ACBD” and **sell** “588ACBD”.

Enter 600 for Amount(ACBD)

Enter 0.0873 for the Price(UNI)

The number of “UNI” required for trading is displayed.

Fees(ACBD) required for buying and selling are displayed

When purchasing 600 ACBDs, the calculation is as follows:

In the above case, "52.38UNI" is required

“6ACBD” is required as a transaction fee.

When the purchase is completed, the fee will be deducted and "594ACBD" will be held

**Note: The number and price entered here are shown as an example. It is not an instruction to trade at this price.**

**After purchasing "ACBD",  
the next step is to "Sell" ACBD.**

**To get the bonus, you need to trade the same  
number as the purchased number or 90% or  
more.**

\* 90% or more reason: Because the fee is deducted when making a transaction.

**How to check what is being ordered**

**How to cancel an order**

# Check the contents of the order

The screenshot displays the UniExchange interface for the ACBD/UNI trading pair. The top navigation bar includes the UniExchange logo, the pair name 'ACBD/UNI', the current price '0.00642', and a '-0.15%' change. The main area is divided into three sections: a candlestick chart on the left, an order book in the middle, and a limit order form on the right. The candlestick chart shows price movement over time, with a vertical dashed line at 2019/6/22 9:0. A red dashed circle highlights a double line on the chart. The order book shows 'SELL' and 'BUY' orders with their respective rates. The limit order form has 'BUY' and 'SELL' buttons, and fields for 'Amount(ACBD)', 'Price(UNI)', 'Total(UNI)', and 'Fee(ACBD)'. A blue 'ORDER' button is at the bottom of the form.

**Click on this double line and pull it up to see what is being ordered.**

**Once the deal is closed, it will disappear.**

# How to cancel an order
